Acknowledgement

I am thankful to “The Almighty” for the blessings showered upon me to complete the work successfully.

I am very glad to express my deep sense of gratitude and sincere thanks to my guide Dr. K.R.Narayanan, Assistant Professor, Department of Zoology, Sri Paramakalyani College, Alwarkurichi, Tamil Nadu, India for suggesting the topic, excellent guidance, valuable criticism with patience discussion and constant encouragement throughout the course of study.

I record my gratefulness to Dr. D.Ganesh, Associate Professor, Sri Paramakalyani Centre of excellence in Environmental Sciences, Alwarkurichi, Tamil Nadu, India for his constant encouragement and guidance during the entire tenure of the investigation.

I express my sincere thanks to The Management, Dr.G.Devarajan Secretary, Dr.M.Sundaram (Former Principal) and Dr.A.J.A.Ranjit Singh Principal, Sri Paramakalyani College, Alwarkurichi for their interest in my work.

I profusely thank Dr. P. Dhasarathan, Lecturer, Department of Biotechnology, Prathyusha Institute of Technology and Management, Tiruvallur, Tamil Nadu, for his scholarly guidance, constant encouragement and valuable comments. He has been the source of inspiration to complete this investigation.

I shall be grossly lacking in my duties unless input into words my gratitude and humbleness to Dr. R.Venkataraman, Associate Professor, PG and Research Centre,
Department of Chemistry Sri Paramakalyani College, Alwarkurichi for his encouragement, assistance and valuable criticism.

I express my sincere thanks to Dr. A. Vanagamudi, Assistant Professor, Department of Chemistry, Ayya Nadar Janaki Ammal College, Sivakasi for his timely help.

I submit my gratitude to Thiru. A.P. Selvarajan, Secretary and Dr. S. Kanmani, Principal, Sri Kaliswari College, Sivakasi for providing laboratory facility to carryout a part of the work.

I am indebted to Mr. C. R. Velayutha Nadar, Correspondent, S.H.N. Girls Higher Secondary School, Sivakasi for his constant encouragement to do this project.

I submit my gratitude to Mrs. S. Vimala, M.Sc., M.Ed., M.Phil., Headmistress, S.H.N. Girls Higher Secondary School, Sivakasi for her Permission to do this project.

I am indebted to Miss. V. Meenakshi and Mrs. K. Geetha, Research Scholars, for all their help during the course of this investigation.

I take this opportunity to acknowledge Ms. K. Syed Ali Fathima, PG Student, Department of Biotechnology, Sri Kaliswari College, Sivakasi and Ms. S. Grace, Mr. G. Devarajan, and Mr. M. Essakimuthu Lab technicians, Sri Kaliswari College, Sivakasi, Tamil Nadu, for their timely help.

I thank my parents, my husband, Mr. A. Chellam, D.E.C.E., my beloved children A.C. Janani and A.C. Seduharii and also my family members for their understanding, moral support and co-operation throughout the course of my research work.
I thank my colleagues for their constant encouragement to complete this work successfully.

My heartful thanks are also due to my guide Dr.K.R.Narayanan’s Parents for their blessings and prayers.

My thanks are also due to Chennai Net, Sivakasi for their excellent job in preparing this dissertation work.
