

## Acknowledgement

I sincerely acknowledge Department of Chemistry, University of Calcutta and all the faculty members for providing me such a good, homely academic atmosphere. I feel proud to be a part of this department, which has a significant contribution in my life.

I would like to express my deepest gratitude to my supervisor Prof. Sasankasekhar Mohanta for his constant support and encouragement. Without his guidance and suggestions, this thesis work would not have been completed.

I gratefully acknowledge the financial support from University Grant Commission, Government of India, for providing me with fellowship and contingency. Financial support from Department of Science and Technology, Government of India, is also acknowledged (project to my supervisor).

I am very much thankful to our collaborator Dr. Núria Aliaga-Alcalde (ICREA-Department de Química Inorgànica, Universitat de Barcelona, Spain) for magnetic studies of one compound.

I would like to thank all my labmates, Dr. Rajesh Konar, Dr. Susanta Hazra, Dr. Samit Majumder, Dr. Sujit Sasmal, Dr. Sohini Sarkar, Dr. Arpita Jana, Dr. Arpita Biswas, Dr. Suraj Mondal, Dr. Sagarika Bhattacharya, Leena Mandal, Shuvankar Mandal, Shuvayan Roy, Sagar Ghosh and Nairita Hari for their support and help throughout my Ph. D carrier. I would like to take this opportunity to convey my special thanks to Samit da and Sujit da for their very useful guidance, which have encouraged me in my work. I am also very thankful to Leena for such a nice friendship, which I will cherish forever.

I am indebted to Maa (Mrs. Sarmistha Chakraborty) and Bapi (Nisith Kr Chakraborty) for encouraging me through all ups and downs of life and for being strength of my life. I am also thankful to bhai (Subham chkraborty) and dada (Avik Chakraborty). I would like to thank my Father-in-Law (Chandan Kumar Maity) and Mother-in-Law (Niyati Rani Maity). I would like to mention two babies – papa (my nephew of two years) and mammam (my niece of seven years) – whose smile has been my oxygen in tough situations; my love to them. Last but not the least; I would like to thank my husband (Dr. Partha Maity) for his constant support and encouragement.

I would like to take this opportunity to thank all the teachers, especially Mr. Subrata Das (teacher of Makardaha Bamasundari Institution), Mrs. Sunanda Goldar (teacher of Neheru Balika Vidyalaya), and Dr. Arnab Halder (Assistant professor, Presidency University, Kolkata) who have seeded the interest of science in me.

Finally, I would like to thank all the persons who have helped me by any possible way during my Ph. D journey.
