ACKNOWLEDGEMENT

In the name of Almighty Allah, the Cherisher and Sustainer of
the world, Who taught me what I knew not. With all my humbleness, I
prostrate in obedience before Him for blessing me with the strength to
embark upon the challenging task of completing this research work on
time.

I greatly and ardently express my joy with profound sense of
gratitude and highest veneration to my reverend teacher and
research supervisor Dr. Naushad Ali P. M, Professor and Ex-
Chairman, Department of Library and Information Science, Aligarh
Muslim University, Aligarh. I strongly believe that it is nothing but
his valued guidance, outstanding commitment, productive criticism,
sensible suggestions and relentless encouragement from the inception
to the finishing point of this research work have been the persistent
source of inspiration for me to complete this task. I sincerely
acknowledge his unflinching support, cooperation and scholarly
suggestions all the time in spite of having busy administrative,
academic and personal commitments. It would not have been possible
for me to complete this endeavour without his keen involvement,
expert knowledge and deep insight into the subject.

I, with sound perception of admiration, wish to express my
sincere gratitude to my esteemed teacher Prof. Shabahat Husain,
Chairman, Department of Library and Information Science, Aligarh
Muslim University for providing necessary facilities for completion of
my work. I sincerely acknowledge his words of encouragement,
unfailing help and moral support throughout my tenure as a part of
this department and especially during the pre-submission
presentation.

I also acknowledge my deep sense of gratitude to my respected
teachers in the department; Mr. Syed Mustafa Zaidi, Dr. Sudharma
Haridasan, Dr. Masoom Raza, Dr. Nishat Fatima and Dr. Mehtab
Alam and other faculty members; Dr. Muzammil Mushtaq and Dr.
Mohd. Nazim for their cooperation and help. Thanks are also due to
all the non-teaching staff of the department especially Mr. Riaz
Abbas, Mr. Zahid, Ms. Saba, Mr. Asif, Mr. Amil, Mr. Zaki, Mr. Owais,
Mr. Sarfaraz and Mr. Tanweer.

I would neither have reached this stage in life nor dared to take
this challenge without the encouragements of my father Mr.
Kunhahamed and mother Mrs. Khadeeeja. They always have been
pillars of strength for me at each and every moment of my life. I
deeply thank them for their perspiring, altruistic, and sustained
efforts, dreams and unconditional love towards me throughout my
life. My brothers and sisters relentlessly provided me their honest support at instances of both happiness and despair. I strongly believe that it is their heartfelt prayers, and adoring care made me whatever I am today. I could not have finished this journey without any of them and without thanking them my work holds no value. I gratefully acknowledge my deep gratitude to my in-laws too for their unbridged support.

Mere words are not enough to express the feelings of indebtedness from the core of my heart towards my better half Ms. Safeena for her forbearance, immense patience, constant endorsement and unrelenting affection which gave me the required enthusiasm for completion of this work. I am at loss of words to express my endless love to my little champ Nabhan, who missed me most of time he needed my presence. I could not have finished this journey without both of them.

I am extremely thankful with sincerity to my senior Dr. Jafar Iqbal for providing me seamless helps and unrelenting support throughout this expedition. Special thanks are also due to my friends and seniors Dr. Shazia Khan, Saima Khan, Maliha, Shamama, Nida, Dolly, Saltnat, Faria, Dr. Tabassum Ara, and Mohsina Aftab for their love and support. I also thank my juniors Ms. Mumtaz, Mr. Daud and Ms. Azra for rendering their helping hands and affection. My sincere gesture of gratitude is also due to many of my friends who wholeheartedly supported me whenever I sought for it, including Nabeel, Fayas, Dr. Yunus Ali, Shameel, Alavi Kutty, Nisar Pari, Shibu, Fawaz, Ishaq, Najmu, Salahudheen. Most importantly, I would like to pay my special regards to each one of my survey participants and Librarians, other library staff and office and laboratory staff of institutions under study for their cooperation and timely support in collection of necessary data.

There are numerous other names, which I am unable to pen down here because of limitation of space while there is no limitation of feelings of gratitude to express towards them.

Salahudheen. E
