ACKNOWLEDGEMENT

I have great pleasure to work under the bold supervision and inspiring guidance of Dr. Bipin B. Mahapatra, Ph.D., F.I.C., Reader in Chemistry (Retired), Government Women's College, Sambalpur, a teacher and guide par excellence and a gem of a person. I owe him an immense debt of gratitude for his active guidance, constant encouragement and valuable suggestions throughout the course of the present investigation till the submission of this thesis.

I express my profound sense of gratitude and thanks to Mr. D. Sahu, former Principal of G.M. College, Sambalpur, Prof. A.K. Purohit, Principal, G.M. College, Sambalpur for giving me permission to carry out my research work in the P.G. Department of Chemistry, G.M. College (Auto.) Sambalpur.

I extend my heartfelt gratitude to Mr. U.K. Naik, Former Head of the Department of Chemistry, G.M. College (Auto.) Sambalpur and Prof. M.K. Raval, Head of the Department of Chemistry, G.M. College (Auto.) Sambalpur, for providing laboratory facility to carry out my research work.

I am extremely thankful to Sri K.C. Pradhan, Lab. Asst. in the department of Microbiology, V.S.S. Medical College, Burla, for their constant help and Co-operation to perform antibacterial studies. I am also very much thankful to Dr. (Smt.) Uma Devi, Reader in Botany and Smt. Subhalaxmi Behura, Dem. In Botany, Government Women's College, Sambalpur for their support and Co-operation to perform antifungal study. Also I am thankful to Sri L.D. Pradhan, Scientist (Retired), R.R.L., Bhubaneswar, Orissa India and Mr. S. Meher, I.I.T., Madras, Chennai, India, for their kind help in X.R.D. analysis.
I owe my thankfulness to my teachers, colleagues, friends and well-wishers Dr. D. Panda, Dr. P.K. Mahapatra, Dr. S.N. Dehury, Dr. (Smt.) P. Ray, Sri M. Triphaty, Mr. N. Patel, Mr. D. Panda, Mr. R. Sahu and all members of Department of Chemistry, G.M. College (Auto.) Sambalpur for their interest, advice and regular encouragement.

The author also desires to acknowledge the service of various institutions viz. S.A.I.F., I.I.T., Madras, Chennai, R.R.L. Bhubaneswar, Orissa and V.S.S. Medical College, Burla, Sambalpur, Orissa for providing various analytical data in time.

My special thanks go to Mr. V. Guru, Mr. S.N. Meher, Mr. N. Biswal Mr. S.K. Susari and Smt. K. Naik for their Co-operation in the preparation of my thesis.

I express my profound gratitude to my father Sri Santosh Kumar Sarangi and mother Smt. Arati Sarangi for their kind blessings for the successful completion of my Ph.D. research work. Last but not least, I am very much thankful to my brothers Mr. Manas Ranjan Sarangi and Mr. Tapas Kumar Sarangi for their constant encouragement from the beginning to the end of my research work.

(Ashish Kumar Sarangi)
