ACKNOWLEDGEMENTS

I take this opportunity to express my heartfelt gratitude to Prof. K.P. Sarma, Department of Geological Sciences, Gauhati University for giving the opportunity to work as JRF under DST sponsored project which finally leads to Ph.D programme of Gauhati University. His noble guidance and contribution to my life is unexplainable, beyond any dimension to quantify. Without his enormous motivation my work will not be completed at any cost. Only his divine effort makes me able to reach this destination.

Thanks are also due to the Head and faculty members, Department of Geological Sciences, Gauhati University for their official help and support both in official and academic fields.

Special thanks are also due to my guide Dr. K. P. Sarma and his total family, especially his wife Dr. Nirupama Devi, who despite all sorts of disturbances at their residence attended me as well as supported me like one of their child.

I am thankful to the Department of Science and Technology, Government of India for providing an opportunity to work as JRF in the project sanctioned to my Supervisor Prof. K. P. Sarma. I would also like to offer my sincere thanks to Dr. Santanu Bhattacharya, Director and Dr. Sandip Nandy, Senior Geologist, GSI, Kolkata; the co-investigators of the project for their constant help and support in the field and to carry out different laboratory work at GSI laboratory. Thanks are also due to Dr. M. Venkateshwarlu, NGRI, Hyderabad for his assistance in carrying out AMS analysis.

I take this privilege to offer my special heartiest thanks to Ms. Rupsikha Sarma, Research Scholar, Department of Geological Sciences, Gauhati University whose immense help in the final compilation of the thesis is unforgettable. Due acknowledgement and thanks are to be given to Dr. Niva Rani Devi, Assistant Professor, Arya Vidyapeeth College for various contribution and Ms. Purnima Konwar of GSI, Jaipur for their help in field work.

Special thanks to Kamal Da, driver of our field vehicle for all the project period, who extended all possible measures and taking care of in all spheres in this tough terrain.

Last but not the least, I would like to give my heartiest thanks to my husband Mr. Diganta Kakati and all my supportive family members for their inspiration, motivation and association failing which the work probably would have not been completed in the stipulated time frame work.
