ACKNOWLEDGEMENT

It is with immense pleasure, I avail myself of this opportunity to place on record my deep sense of gratitude to Dr. T.V. Rao, Ph.D., Reader, School of Life Sciences, Sambalpur University, Jyotivihar for introducing me into this new field and for his ceaseless inspiration and invaluable guidance during the course of my investigation.

I am highly indebted to Head, School of Life Sciences for kind encouragement and help and providing me with all facilities to carry out the research work.

Words are inadequate to express my deep sense of gratitude to Dr. N.K. Choudhury, Dr. A.K. Mishra, Lecturer, P.G. Department of Chemistry, Dr. R.K. Das, Dr. U.C. Biswal, Dr. (Mrs.) B. Biswal, Mrs. B. Ray and all my teachers of this department for their meaningful advice, valuable suggestion and constant encouragement during the course of investigation.

I am extremely thankful to the Principal, Librarian and his staff, V.S.S. Medical College, Burla, Librarian, ICMR, Bhubaneswar and Librarian, OUAT, Bhubaneswar for providing me library facilities and their help during the preparation of this manuscript. I thank Council of Scientific and Industrial Research (CSIR) for financial assistance in completing the work.
I owe my sincere thanks and deep sense of appreciation to all my fellow friends and colleagues for their valuable suggestion and encouragement. I am also thankful to the non teaching staffs of this department for their kind cooperation.

I wish to thank Mr. P.B. Sharma for his impeccable typing of the manuscript.

My special acknowledgements are also due to my parents, my brothers and in laws for their encouragement they have showered upon me relentlessly.

The facets of acknowledgement shall be incomplete without a reference to my daughter Anindita who has sacrificed her much required and precious mother's attention and has remained amazingly tolerant towards my long hours of involvement in research work during the last few years.

Finally, I extent my heartfelt thanks to my husband Alok for his encouragement and mental support during different phases of my research.
