ACKNOWLEDGEMENTS

Prof. Madhab Chandra Dash, Ph.D. (Calgary), FNASC, School of Life Science, Sambalpur University, for his masterly guidance which makes me feel privileged. For his suggestions to give an edge of quality to this work. And for extending every possible support to help complete this thesis in time.

Mr. Surya Kumar Mohanty, Ex-Joint Director, Orissa State Fisheries & Head, World Bank assisted shrimp and fish culture project, for critically reviewing the manuscript, adding technical suggestions with his expertise and prolonged experience in the area of my research.

Dr. Pinij Kungvankij (Ex-FAO expert, vice-President, C.P. Aquaculture (India) Ltd.) and Dr. Aekapan (Tech. Director, C.P. Aquaculture, Thailand), for their on-field technical suggestions.

Dr. V.R.P. Sinha, Ex-Director, Central Institute of Fisheries Education (ICAR), Bombay and Dr. G.G. Dandapat, Additional Secretary, University Grants Commission, For their constant encouragements during the course of this work.

Dr. S.N. Mohanty (Sr. Scientist, Deptt. of Nutrition, CIFA) and Dr. A.N. Mohanty (Tech. Officer, CIFA), for their assistance in feed and Soil analysis.

Ansuman, Jitu, Manas and Sandipan, my friends in the same discipline, for their assistance in photography and their help in completing the work.

Mrs. Sovita Dash and Dr. Prabhat Nalini Patnaik (Asst. Director, Orissa State Fisheries) for their warm inspiration.

And finally Mr. Surya Kumar Mohanty (father), Mrs. Sailabala Mohanty (mother) and Mr. Sanjeeb Kumar Mohanty (elder brother), for their love, support, and keeping my spirit up.

Rajeeb Kumar Mohanty
