ACKNOWLEDGEMENT

Gratitude unlocks the fullness of life.

It turns what we have into enough, and more.

It turns denial into acceptance, chaos to order, confusion to clarity.

It can turn a meal into a feast, a house into a home, a stranger into a friend.

Gratitude makes sense of our past, brings peace for today, and creates a Vision for tomorrow.

I owe a deep debt of gratitude to my Parents Sri.P.Rathinam and Smt.R.Rajalakshmi for cultivating in me the habit of early rising. The writing of this thesis would never have been possible without this healthy habit.

I would like to express my deepest sense of gratitude to Dr.D.Sathish Sekar and Dr.K.B.Chandra Sekhar who were made a significant contribution at every stage in the preparation of this thesis writing, verification and proof reading etc., and has helped me with their constructive suggestion to orient the book, and also I am grateful to their suggestions and advice without which the book would not have reached its logical conclusion. I thank them for the systematic guidance and great effort they put into training me in the scientific field.

I express my sincere thanks to Dr. M.Sekar and Dr.Santhiramudu for disciplining my professional life.

I express my gratitude to Dr.S.Jeevanandham, Mr.T.Rajkumar, Dr.T.Sastry Mr.B.Mohammedishaaq, Mr.R.Premkumar, Mrs.S.Rajalakshmi, Miss.Parimala,
Mr. Y. Pradeepkumar, Dr. C. Gopinath, Dr. G. Krithiga, Dr. Swaminathan, Dr. D. Dhachinamoorthi, Mr. S. Gopalakrishnan, Mr. M. Muthukumaran and Dr. C. Madhusudanchetty for their constant cooperation, support and encouragement.

I thank Mr. Saravana Kumar for his wholehearted cooperation in bringing out this thesis to my satisfaction.

I take this opportunity to express the profound gratitude from my deep heart to my beloved parents, grandparents, and my siblings for their love and continuous support – both spiritually and materially.

Finally, I thank all those who have helped me directly or indirectly in the successful completion of my thesis. Anyone missed in this acknowledgement are also thanked.

“I’ve been blessed to find people who are smarter than I am, and they help me to execute the vision I have.”

Thank you

R. Prema
