ACKNOWLEDGEMENT

I am deeply indebted to my guides Dr. P. K. Pradhan, Professor, Department of Civil Engineering, Veer Surendra Sai University of Technology, Burla, Odisha and Dr. A. Naik, Professor and Head, P.G. Department of Earth Science, Sambalpur University, Jyoti Vihar, Burla, Odisha without whose constant encouragement and help this work would never have been completed. Both of my guides have taken immense pain and devoted their valuable time to have long and fruitful discussions on this work. The thesis would not have been completed without their support and valuable suggestions and constructive criticism.

I would like to express my gratitude to Prof. K. C. Patra, Ex-Principal, Indira Gandhi Institute of Technology, Sarang, Odisha for encouraging and allowing me to carry out my Research work at Burla under Sambalpur University.

The help and cooperation received from the Director and faculty members of the Department of Civil Engineering, Indira Gandhi Institute of Technology, Sarang, Odisha and the authority of Sambalpur University are thankfully acknowledged.

The Author acknowledges his thankfulness to Dr. A. N. Nayak, Dr. P. C. Swain, Dr. R. K. Bhoi, Dr. U.K. Tripathy, Er. S. Panda, Er. N. K. Mishra, Er T. R. Mohanty, Er. A. K. Satapathy, Er. N. C. Mohanty and Sri C. D. Behera at Veer Surendra Sai University of Technology, Odisha, Mrs. Sasmita Sahoo and other well-wishers who directly or indirectly helped and encouraged him during this research work.

I am greatly indebted to my parents, parents-in-law and all other family members for their love and blessings to see me at greater heights of life.
Acknowledgement

I shall, forever, remember the contribution of my wife Mama, who shared all the moments of weal and woe with me during the entire period of the work with great patience and understanding. I am indebted to her for her inspiration, incessant encouragement, and moral support without which I could not have accomplished this task.

Last but not the least, I would like to thank my daughter, Munmun, son, Papun and niece, Gudli whose love and cheerfulness was a source of inspiration for me throughout this work.
