Acknowledgements

I would like to acknowledge my indebtedness to Prof. Asoke Kumar Sen, Head and Dr. Himadri Sekhar Das, Department of Physics, Assam University, Silchar for their supervision and guidance in this research work. I am especially grateful to them for their thorough reading of the entire work and many insightful and constructive suggestions, advice and help without which this work would have not been possible.

I am highly obliged to Honourable Vice Chancellor, Prof. Tapodhir Bhattacharjee, Assam University, Silchar, for giving me the scope to carry out this research work in this University.

I am thankful to Prof. Devojyoti Biswas, Dean, School of Physical Sciences, Prof Manobendra Dutta Choudhury, Head Department of Life Science and Dr. Nabendu Sen, Department of Mathematics, Assam University for their kind co-operation.

I am thankful to all the faculties and specially to Prof. Ramendu Bhattacharjee, Department of Physics, Assam University for their encouragement and valuable suggestions during the course of work.

I would also like to extend my sincere gratitude to Ajit K. Kembhavi, Director Inter-University Centre for Astronomy and Astrophysics (IUCAA) for extending all sorts of institutional facilities at IUCAA and also availing the telescope
time during the course of time.

I record my gratitude and express my sincere thanks to Dr. Krishna Ran-
jan Paul, the then principal Ramkrishna Nagar College and also the college
management for allowing me to undergo the course.

My research has benefitted immeasurably from interactions with Dr. Su-
jit Ranjan Das; Mr. Chinmoy Battarcharjee; Mr. Abhinash Suklabaidya; Mr.
Arindwam Chakraborty; Mr. Parizath DebRoy; Mr. Ajay Borman; Mr. Tanuj
Dhar; Mr. Amritakshya Kar; Mr. Ratan Das; Mr. Subha Gaurav Roy, other
research scholars and PG students, Dept. of Physics, Assam University. I
record them for their co-workship.

I would not miss this opportunity to acknowledge my thanks to all those
who faithfully attended my seminars at the Department of Physics, Assam
University, during the course of work. My thanks are also due to them for
their constructive comments.

It is my pleasure to acknowledge Dr. Joydip Choudury; Mr. Subrata Bhat-
tacharjee; Mr. Sibhasish Bhattacharjee; Mr. Koushik Das and other non-
teaching staff of the Physics Department, Assam University for their cordial
co-operation during the Ph.D course.

I acknowledge T. Mukai & Y. Okada for help on the execution of BPCA &
BCCA codes. I also thank D. W. Mackowski & M. Mishchenko for their
T-matrix code for cluster of spheres.
I acknowledge my deep gratitude to Mrs Purabi Das, Mrs Maumita Das(Nath) for their encouragement and moral support throughout the research work. Finally, I would like to mention that without the blessing of my parents and stead-fast support of my family members this work would not have been a reality. The following members deserve special mention in this regard: Sri Bidhu Bhushan Paul, Smti Pratima Paul, Sri Bipresh Paul, Sri Annapurna Paul(Dey), Sri Asit Dey & Mihika, for inspiring and nurturing my educational development and constant reinforcement.
