ACKNOWLEDGEMENTS

First and Foremost, I bow my head on the Lotus Feet of **GURU JI MAHARAJ**, whose blessings provided me enough patience, endurance and strength during my research work and paved my way to overcome the hurdles on this toilsome journey to accomplish this endeavour.

Indeed the words at my command are not adequate to convey the depth of my feelings and gratitude to my supervisor **Prof. D. Pandey, Department of Mathematics, C.C.S. University, Meerut** for his most valuable & inspiring guidance and constructive criticism throughout the course of this exploration. His constant encouragement and invaluable suggestions worked as beacon light in the path of enlightenment. He has not only been a supervisor for me, but also a guardian who showered his parental affection and remained concerned with all my needs due to which the process of turning an idea into a reality could have been possible.

I extend my indebtedness to **Dr. M.K. Gupta, Dr. Jaimala, Dr. Vandana Rana, Prof B.G. Varshney**, and all faculty members of the Department of Mathematics for encouraging me throughout the completion of this work.

It is a pleasure to thank **Dr. Sanjay Kumar Tyagi, Asstt. Professor in the Deptt of Mathematics, Amity University Noida**, for his constant encouragement and invaluable help during this research work.

I am also extremely grateful to **Dr. Mukesh Kumar Sharma, Asstt. Professor of Mathematics, R.S.S. (P.G.) College, Pilkhua** for providing necessary support, suggestions and encouraging me throughout the completion of this work.

I wish to put on records that whatever I have achieved in my life is due to the blessings of my parents **Sh. M.R. Sharma & Late (Smt.) Premvatee Sharma**. My words fall insufficient to express my feelings for them, because of their sagacity and unconditional love that sustained me throughout this research and enabled me to bring it to its present shape. It will be unfair not to acknowledge the affection and love of my younger brother **Mr. Sudesh Kaushik** who supported me with his encouraging words from time to time throughout the preparation of this thesis.
I shall be failing in my duties if I do not express my sincere feelings to my wife Smt. Vintesh Sharma for her sufferings, forbearance and sacrifices during my research work. I am also thankful to my son Daksh as he had to suffer a lot during my absence in the house and lack of parental caring.

Last but not the least I am thankful to all non-teaching staff members of the Department of Mathematics, C.C.S. University, Meerut for their time-to-time help.
