### CHAPTER 1: Introduction

1.1: Single Objective Optimization Problem 1
1.2: Transportation Problem 2
1.3: Multi Objective Optimization Problem 3
1.4: Multi Objective Transportation Problem 4
1.5: Different Type of Multi Objective Transportation Problem 5
   1.5.1: MOTP with Equality Constraints 5
   1.5.2: MOTP with Inequality Constraints 5
   1.5.3: MOTP with Mixed Constraints 6
1.6: Different Approaches to Solve MOTP 7
1.7: Fuzzy Set Theory and Decision Making 9
   1.7.1: Fuzzy Set and Membership 9
   1.7.2: Management and Decision Making 14
CHAPTER 2: Background of Study

2.1: Introduction 23

2.2: Origin History and Development 24

2.3: Evolution of Operation Research as an Academic Discipline 25

2.4: Significance of Operation Research 26

2.5: The Operation Research Approach 27

2.6: Techniques Used in Operation Research 29

2.6.1: Decision Analysis 29

2.6.2: Simulation 31

2.6.3: Queuing Theory 32

2.6.4: Transportation Technique 33

2.6.5: Project Management with PERT and CPM 33

2.6.5.1: Usefulness 34

2.7: Models and Modeling in Operation Research 35

2.8: Role of Computers in Solving Operation Research Problem 35

2.9: Growth of Operation Research in Different Sectors 36

2.10: Challenges in Operation Research 37

CHAPTER 3: Noteworthy Contribution on Fuzzy Multi Objective Transportation Problem (FMOTP) 39

CHAPTER 4: Study on Fuzzy Multi Objective Optimization 90

4.1: Introduction 90
4.2: Fuzzy Preliminaries 92
4.3: Background of FMOO 93
4.4: Shortcoming of FMOO Solution Approaches 95
4.5: Some Intelligence Techniques 96
  4.5.1: Expert System and FMOO 96
  4.5.2: ANN and FMOO Problem 98
    4.5.2.1: Treating the Fuzzy Preferences in MOO Problem 98
    4.5.2.2: Handling Fuzziness in FMOO Models 98
    4.5.2.3: Determining the Membership Function 99
  4.5.3: Genetic Algorithms and FMOO 99
    4.5.3.1: FMOO Based GA 99
  4.5.4: Particle Swarm Optimization 101
4.6: Problem Formulation FMOO in TP (FMOTP) 102
  4.6.1: Fuzzy Multi Objective Transportation Problem Model 102
  4.6.2: Model Development 103
  4.6.3: Solving the FMOTP 104
  4.6.4: Solution Procedure 104
4.7: Conclusion 105

CHAPTER 5: Classification and modeling of fuzzy multi objective transportation problem (FMOTP)

5.1: Linear Programming Formulation of Multi Objective Transportation Problem 106
5.2: Fuzzy Programming Technique to Solve Multi Objective Transportation Problem 107
5.2.1: Fuzzy Programming Technique with Linear Membership Function  109

5.2.2: Fuzzy Programming Technique with Exponential Membership Function  110

5.2.3: Fuzzy Programming Technique with Hyperbolic Membership Function  111

5.3: Fuzzy Programming Technique to Solve Multi Objective Capacitated Transportation Problem  112

5.3.1: Fuzzy Programming Technique to Solve Multi Objective Capacitated Transportation Problem With Linear Membership Function  113

5.3.2: Fuzzy Programming Technique to Solve Multi Objective Capacitated Transportation Problem With Exponential Membership Function  114

5.3.3: Fuzzy Programming Technique to Solve Multi Objective Capacitated transportation Problem With Hyperbolic Membership Function  114

5.4: Fuzzy Programming Technique to Solve Multi Objective Interval Transportation Problems  115

5.5: Multi Objective Interval Transportation Problem  116

5.5.1: Linear Programming Formulation of MOITP  117
5.5.2: Formulation of the Crisp Objective Function. 118

5.5.3: Cases of MOITP 119

5.5.3.1: First Case 119

5.5.3.1.1: Fuzzy Programming Technique to Solve 120
Multi Objective Interval Transportation Problem
With Linear Membership Function

5.5.3.1.2: Fuzzy Programming Technique to Solve 121
Multi Objective Interval Transportation Problem
With Exponential Membership Function

5.5.3.1.3: Fuzzy programming technique to solve 121
Multi Objective Interval Transportation Problem
With Hyperbolic Membership Function

5.5.3.2: Second Case 122

5.5.3.2.1: Fuzzy Programming Technique to Solve 123
Multi Objective Interval Transportation Problem
With Linear Membership Function

5.5.3.2.2: Fuzzy Programming Technique to Solve 124
Multi Objective Interval Transportation Problem
With Exponential Membership Function

5.5.3.2.3: Fuzzy Programming Technique to Solve 125
Multi Objective Interval Transportation Problem
With Hyperbolic Membership Function

5.5.3.3: Third Case

5.5.3.3.1: Fuzzy Programming Technique to Solve Multi Objective Interval Transportation Problem

With Linear Membership Function

5.5.3.2.2: Fuzzy Programming Technique to Solve Multi Objective Interval Transportation Problem

With Exponential Membership Function

5.5.3.2.3: Fuzzy Programming Technique to Solve Multi Objective Interval Transportation Problem

With Hyperbolic Membership Function

5.6: Conclusion

CHAPTER 6: New Approaches to Solve Fuzzy Multi Objective Transportation Problem (FMOTP).

6.1: Introduction

6.2: Fuzzy Preliminary

6.3: New Row Maxima Method

6.3.1: Numerical Example

6.3.2: Conclusion

6.4: New Column Maxima Method

6.4.1: Numerical Example

6.4.2: Conclusion
6.5: New Vogel’s Approximation Method 139
   6.5.1: Numerical Example 140
   6.5.2: Conclusion 141
6.6: EMV Method to Solve MOTP 141
   6.6.1: Numerical Example 142
   6.6.2: Conclusion 144
