ACKNOWLEDGEMENTS

The author expresses her sincere, deep and perpetual gratitude to her honorific Research Director Prof. V. Viveka Vardhani, Department of Zoology & Aquaculture, Acharya Nagarjuna University, Nagarjunanagar, under whose guidance these investigations were carried out. The valuable guidance, timely support, patience, care and constant encouragement received from my research supervisor enable me to submit my findings in the form of thesis.

The author sincerely acknowledges Prof. P.V.V. Satyanarayana, the then Head of the Department of Biochemistry and Dr. P. Kiranmayi, former Head of the Department of Biochemistry and Dr. J. Rajeswari, the present Head of the Department of Biochemistry, and Prof. C. Rambabu, Chairman, BOS in Biochemistry, Acharya Nagarjuna University, Nagarjunanagar for their constant help and laboratory facilities to perform this research work.

The author is grateful to UGC, New Delhi for the financial support in the form of RGNF to carry out this work.
