

LIST OF TABLES

Table#	Title of the Table	Page No.
Table-2.1	World University Ranking of Engineering Schools-2007 by World Science and Engineering University Portal	41
Table-2.2	Major Committees and Recommendations	42
Table-2.3	Top 20 Engineering Colleges in India (By Dataquest Survey Results 2005)	47
Table-2.4	'India Today' Best Engineering Schools-2007	47
Table-2.5	European Business School Ranking for 2006,2007 & 2008	66
Table-2.6	Top B-Schools in Asia	67
Table-2.7	Top B-Schools in US	68
Table-2.8	Top B-Schools in UK	68
Table-2.9	Top B-Schools in Australia	68
Table-2.10	Top B-Schools in New Zealand	68
Table-2.11	Ranking of B-Schools in India In 2003	69
Table-2.12	Top B-Schools in India by Cosmode -BW Survey 2004	70
Table-2.13	Best B-Schools in India by Outlook B-School Survey-2008	71
Table-3.1	Growth and Development of Internet	86
Table- 3.2	Top 20 Countries with the Highest Number of Internet Users	107
Table- 3.3	Global Internet Usage Statistics	107
Table- 3.4	Internet Usage Statistics in Asia	108
Table- 3.5	Internet Usage Statistics in Americas	108
Table- 3.6	Internet Usage Statistics in Africa	108
Table -4.1	Type of Internet Connectivity and Telephone Networks In Engineering and Management Institutions in Orissa	117

Table-4.2	Provision of Internet Services for the Users	120
Table-4.3	Type of Internet Service Providers and Provision of Password for Members	123
Table-4.4	Use of Operating Systems and Application Softwares for Computer Systems	126
Table-4.5	Type of Browsers Used	129
Table-4.6	Preferred Search Engines of the Respondents	130
Table-4.7	Frequency and Time Offered for Using Internet	133
Table-4.8	Purpose of Internet Connectivity in Libraries Surveyed	135
Table-4.9	Type of Services Provided to Users Through Internet	137
Table-4.10	Type of Search Strategies Employed by The Users: Librarians View Point	138
Table-4.11	Users Demand on Internet-Based Services from the Library	140
Table-4.12	Preference of Users on Information Sources	142
Table-4.13	Librarian's Response on Adequacy of Internet Browsing Facilities in the Library	143
Table-4.14	Problems Encountered in Providing Internet Services to the Users	145
Table-4.15	Benefits of Internet over Conventional Documents: Librarians View-Point	147
Table-4.16	Librarian's Satisfaction on the Existing Internet Service	149
Table-4.17	Role of Internet in Scholarly Information Seeking	150
Table-4.18	Experience on the Comparative Value of Internet and Libraries	152
Table-4.19	Protection of Unauthorized Users From Prohibited Internet Sites	153
Table-4.20	Internet as a Substitute to the Replacement of Traditional Libraries	155
Table-4.21	Frequency of Use of Library and User's Appreciability	156

Table-4.22	Importance of Internet in Library Services and It's Influence on Users	161
Table-4.23	Frequency of Using Internet in Libraries Surveyed	166
Table-4.24	Place of Using Internet	168
Table-4.25	Benefits Derived from Net Browsing	170
Table-4.26	Need of Internet/Web-Based in Research	172
Table-4.27	Purpose of Browsing Internet	174
Table-4.28	User's Satisfaction on Availability of Research/Study Related Journal Articles	176
Table-4.29	Performance of Search Engines on Net	178
Table-4.30	Authenticity and Importance of Web-Based Information	183
Table-4.31	Preference of Web-Based Information/ Electronic Materials Vs. Printed Materials	185
Table-4.32	Development of Library's Net Service: Considered Views of the Users	187
Table-4.33	Major Constraints Encountered While Searching Net in the Library	189
