It is of great opportunity and pleasure for me to express my deep sense of gratitude to Dr. R. K. Samal, Ph. D., D. Sc., Department of Chemistry, Ravenshaw College, Cuttack for his valuable suggestions, constructive criticism and fruitful guidance to carry out this research work.

I am indebted to my devoted teacher Dr. C. N. Panda, Ph. D., Head of the Department of Chemistry; Prof. D. Mohar, Ex-Principal and Prof. U. K. Mohapatra, Principal, Ravenshaw College, Cuttack for their kindness in providing necessary laboratory and library facilities.

It is with great pleasure that I acknowledge the generous help and co-operation extended by my senior research colleague Dr. P. K. Sahoo, M. Phil., Ph. D. in permitting me to include two of our joint research papers in my thesis. I am also thankful to my research colleagues, Sri R. P. Samal, C. S. I. R. fellow, Sri S. Seng and Sri S. P. Bhatvacharjee, research scholars under Dr. R. K. Samal, for their kind collaboration during the course of this investigation.

I also wish to thank C. S. I. R., India, New Delhi for providing me a research fellowship.
