ACKNOWLEDGEMENT

It is nice to convey my earnest dedication, immense pleasure, indebtedness and unconventional zeal to my guide Prof. (Dr.) Shiba Prasad Rath for his constructive criticism, devoting his time most munificently by his intellect guidance, untiring supervision in every moment of my investigation and completion of manuscript writing without whom this write up could not have seen the light of the day.

I am greatly indebted to Prof. (Dr.) Pradeep Chand, Present Head, and all other former Heads of P. G. Department of Botany, Utkal University, Bhubaneswar for providing me necessary laboratory facilities, valuable suggestions, encouragement and a constant help throughout the progress of work.

I express my heartfelt gratitude and thanks to Dr. Pradippta Kumar Mohapatra, Reader. P. G. Department of Botany, Utkal University, Bhubaneswar for his critical comments, valuable suggestions, encouragement and affectionate guidance.

Discussion and practical help rendered by Dr. Prasant Kumar Swain, P. G. Department of Botany, Utkal University, Bhubaneswar during the course of experiments towards the completion of work is incredible.

I express my sincere thanks to Dr. Santi Lata Sahoo, Reader and Dr. Ritarani Dash, P. G. Department of Botany, Utkal University, Bhubaneswar for their valuable suggestions and constant encouragement and for completion of present work.

I am greatly indebted to my teachers Dr. Tapan Kumar Das (Reader & Head) and Dr Anita Swain (Reader), Department of Botany, S. V. M Autonomous College, Jagatsinghpur for their valuable suggestions, kind help, moral support, and constant encouragement all along to continue the work.

It gives me immense pleasure to acknowledge Dr. M. Thirunavoukkarasu, Senior Scientist, Institute of Minerals and Materials Technology, Bhubaneswar, Dr. (Mrs.) P. P. Behera, Dr. (Mrs.) S. Senapati, Mr. S. Dash and Dr. (Mrs.) P. Puhan for their wise suggestions and constant encouragement for the present work.

I express my sincere thanks to my colleagues Mrs. Gitanjali Rout (Lecturer), +2 Science College of Sikshya ‘O’ Anusandhan, Bhubaneswar, Miss Suprava Singh, Miss Madumita Behera, Project Manager, Raj Biotech (R&D), Pune and Mr. Ladukesh Prasad Mishra (Head), Rajsunakhala College, Nayagarh, Orissa for their help, co-operation and suggestions throughout the work.

I express my thanks to all of my lab-mates Dr. D. Panda, Miss M. Mohanty, Miss D. Pani, Mr. J. R. Rout, Mr. B. K. Sethi and Miss. B. Hansdah for helping me to conduct some biochemical works.

I express my thanks to all the non-teaching staffs of P. G. Department of Botany Utkal University, Bhubaneswar for their help and encouragement throughout the work.

I express my thanks to Mrs. Pranati Mishra for her help and encouragement throughout the work.

I am greatly indebted to Dr. (Mrs.) Aliva Pattnaik (Dean, In-Charge), Trident Academy of Creative Technology, Bhubaneswar for her valuable suggestions, kind help and constant encouragement all along to complete this manuscript.

I express my deep gratitude and sincere thanks to Dr. (Mrs.) Manasi Dash, Trident Academy of Creative Technology, Bhubaneswar for her critical suggestions and help during the compilation of the present work.

This work would not have been possible without the moral support and everlasting encouragement extended by Mr. Premananda Biswal (my father), Mrs. Pramila Routray (mother), Mr. Amarjeet Parja (brother-in-law), Puspita (sister), Prasanjeet (brother) and my nephew Som.

Above all I would like to owe my heartfelt gratitude to the supreme power of God for His blessings to accomplish this manuscript.
