ACKNOWLEDGEMENTS

It is a great pleasure on my part to express my deep sense of gratitude to Prof. B.B. Deo for his patient guidance and encouragement throughout the course of this work. I have also been immensely benefitted by his teaching at the M.Phil level.

I am grateful to Prof. H. Mishra, Prof. S. C. Mishra, Prof. S. N. Behera, Prof. D. N. Tripathy, Prof. K. N. Rathak, Dr. N. Barik, Dr. K. Patnaik, Dr. (Mrs.) M. Satpathy, Dr. S. Jena, Dr. J. Maharana, Dr. L. F. Singh, Dr. J. K. Mohapatra and Dr. M. P. Das for many fruitful discussions and helpful suggestions.

I am thankful to all the research scholars, particularly Mr. B. P. Das, for many useful discussions, cooperation and help. They have provided an exciting atmosphere to work in.

I must express my sincere thanks to Dr. A. K. Bisoi and all other staff of the Computer Centre for their ungrudging help in computational work.

My personal thanks must go to my wife, Sachi, without whose cooperation and patient bearing, this work could not have been completed.
Thanks are due to Mr. N. Nayak for expertly typing the various drafts.

This work was performed in part under the auspices of University Grants Commission, India, under Faculty Improvement Programme.
