# List of Figures

Experiment - 1

1. Mean time (in seconds) spent by the chicks in the openfield over days irrespective of colours (Yellow-Red).

   

Experiment - 3

2. Mean time (in seconds) spent by the chicks in the openfield over days irrespective of colours (Yellow-Blue).

Experiment - 4

3. Mean time (in seconds) spent by the chicks in the openfield over days irrespective of colours (Yellow-Orange).

Experiment - 5

4. Mean time (in seconds) spent by the chicks on Yellow-Violet coloured stimuli in the openfield irrespective of days.

5. Mean time (in seconds) spent by the chicks in the openfield over days irrespective of colours (Yellow-Violet).

Experiment - 6

6. Mean time (in seconds) spent by the chicks in the openfield over days irrespective of colours (Red-Green).

Experiment - 7

7. Mean time (in seconds) spent by the chicks on Red-Blue coloured stimuli in the openfield irrespective of days.

8. Mean time (in seconds) spent by the chicks in the openfield over days irrespective of colours (Red-Blue).

Experiment - 8

9. Mean time (in seconds) spent by the chicks on Red-Orange coloured stimuli over days in the openfield.
Experiment - 9

10. Mean time (in seconds) spent by the chicks on Red-Violet coloured stimuli in the openfield irrespective of days.

Experiment - 10

11. Mean time (in seconds) spent by the chicks on Green-Blue coloured stimuli in the openfield irrespective of days.

12. Mean time (in seconds) spent by the chicks in the openfield over days irrespective of colours (Green-Blue).

Experiment - 11

13. Mean time (in seconds) spent by the chicks on Green-Orange coloured stimuli in the openfield irrespective of days.

Experiment - 12

14. Mean time (in seconds) spent by the chicks in the openfield over days irrespective of colours (Green-Violet).

Experiment - 14

15. Mean time (in seconds) spent by the chicks over days in the openfield irrespective of colours (Orange-Blue).

16. Mean time (in seconds) spent by the chicks on Orange-Blue coloured stimuli in the openfield over days.

Experiment - 15

17. Mean time (in seconds) spent by the chicks on Blue-Violet coloured stimuli in the openfield over days.

General Discussion

18. Mean time (in seconds) spent by the chicks on different coloured stimuli in the openfield.

19. Mean time (in seconds) spent by the chicks on different coloured stimuli in the openfield over days.
