Acknowledgements

I wish to express my profound sense of gratitude and indebtedness to my Supervising guide Prof. (Dr.) Saleena Mathew, Professor, School of Industrial Fisheries, Cochin University of Science and Technology for her inspiring and excellent guidance, valuable advice, intellectual inputs, critical assessment and constant encouragement throughout the period of my research work. I am deeply obliged to her for providing me absolute freedom in doing my research work. Her support during the preparation of the manuscript is highly commendable. I record my deep sense of gratitude to her for all the efforts she has put in and the moral support extended for the successful completion of this thesis.

I am thankful to Prof. (Dr.) A. Ramachandran, Director, School of Industrial Fisheries, CUSAT for providing the prospect, support and encouragement.

I feel extremely privileged to place on record my sincere gratitude and respect to Dr. Sunil Kumar Mohamed, Principal Scientist and Head Molluscan Fisheries Division, Central Marine Fisheries Research Institute, Cochin. I am deeply indebted to him throughout my career. His advice, insightful discussions and moral support had encouraged me to conduct this study. His constructive comments had greatly improved the manuscript. I sincerely record my deep sense of gratitude to him for his constant and untiring intellectual support throughout this study.

I wish to thank Dr. Somavanshi, former Director General, Fishery Survey of India, Department of Animal Husbandry, Dairying and Fisheries for
granting me permission to register for this Ph.D study and utilize the facilities onboard the FSI vessels, shore lab and samples for research work.

I am extremely thankful to Shri. Tarun Sridhar, Joint Secretary to the Government of India, Department of Animal Husbandry, Dairying and Fisheries and Shri. Vishnu Bhatt, Fisheries Development Commissioner and Shri L. Shankar, Joint Commissioner of Fisheries, Department of Animal Husbandry, Dairying and Fisheries, Ministry of Agriculture, New Delhi for their moral support, guidance and encouragement to complete this work. Without their help and encouragement it would have been difficult in completing this work.

I also place on record my thanks to Dr. Vijayakumaran, Director General, Fishery Survey of India for his constant moral support to complete this work.

I am extremely grateful to Dr. A. Anrose, Zonal Director, Chennai Base of Fishery Survey of India. His consistent moral support and valuable advises were highly supportive to complete this work.

I express my gratitude to Dr. J. Jayasankar, Senior Scientist, CMFRI for the valuable advise rendered by him in analyzing the data. His timely advise was very much helpful and highly appreciated. I use this opportunity to place on record my sincere thanks to Dr. Vivekanandan, former principle scientist, CMFRI and Emeritus scientist, ICAR for his valuable advise and moral support in my all research endeavors.

I may fail my duty. If I do not acknowledge the warm help received at time of need, from Dr. R. Jeyabaskaran, Senior Scientist, CMFRI during the study period. I am grateful to him for his help and the moral support received throughout the course of my work. I also gratefully acknowledge the moral
support and timely help received from Dr. V. Venkatesan, Scientist, CMFRI in completing this work.

I thank all my colleagues at Cochin Base of Fishery Survey of India and Chennai Base of Fishery Survey of India for their moral support and assistance in carrying out this work.

The acknowledgement will not be complete without expressing my thanks to Dr. John Mohan, Senior Lecturer, Dr. Harikrishnan, Reader and Dr. Mini Sekharan, Lecturer, School of Industrial Fisheries and all my fellow research scholars for the help and support received during the study. Special thanks are due to Smt. Manjusha, K.P and Smt. Dhanya, K. and Jinoy for their kind help and suggestions during my work.

I sincerely thank Mr. Jayasankar, M.Section Officer and all other staff of the School of Industrial Fisheries for their help and cooperation throughout the course of my research work.

However, by far my biggest source of encouragement, inspiration and support has been my wife Augusta. I would never have reached the end without her being constantly by my side and pushing me on when it all felt too hard. I am forever indebted- I could not have done this without her. Thanks to my children for their patience and cooperation during the course of study.

Finally, while I have tried to remember and acknowledge everyone who was involved in any way, I sincerely apologise to anyone whose input or assistance I have forgotten or overlooked.

A. John Chembian.
