ACKNOWLEDGEMENT

I owe my deep sense of gratitude and sincere thanks to Dr. Dinabandhu Mishra, Ph.D. (Manitoba), formerly special Secretary to Government of Orissa, Education Department; Director, Higher Education, Orissa, Principal, Ravenshaw College, Cuttack; Professor and Head of the Botany Department, Ravenshaw College, Cuttack; Dean, Faculty of Science, Utkal University; Vice-Chancellor, Sri Jagannath University and at present, As Director, Text Book Preparation and Production, Government of Orissa, for suggesting me this topic of research and helping me by his counsel and keen supervision in the course of my work during 1980-84. But for his sincere help and valuable criticisms it would not have been possible to present this thesis in the form, it has now been done.

My sincere thanks are also due to Prof. G. Mishra, and Prof. C.S. Sarangi, formerly Heads of the Department of Botany, Ravenshaw College for their keen interest in my research work and good will.

I am also thankful to Prof. (Mrs) K.K. Patnaik, the present Professor and Head of Botany Department, Ravenshaw College for her sincere help and good wishes.
I am indebted to my research colleagues, Dr.(Mrs) N.P. Pradhan; Dr(Miss) B.Patnaik; Dr(Miss) R.L. Mishra; Dr. N.K. Sen; Dr. A.C. Sahu and Dr. P.K. Behera for their help in every possible ways. Thanks also goes to Dr. M. Kar, Dr. H.K. Patra and Dr. R.K. Parida whose expertise in laboratory work came in handy at the most opportune moments.

My thanks are also due to Dr. A.K. Mishra, of C.R.R.I., Cuttack for his help in using Atomic Absorption Spectrophotometer and to Dr. G. Naik, the then research scholar at IARI for his immense help there at IARI, New Delhi.

I am obliged to Mr. R.C. Singh of Botany Department, Ravenshaw College for his meticulous care in typing out the manuscript of the thesis and also to Proprietor, "M/s Tripathy Xerox" for computing the graph and preparation of the thesis.

I am extremely grateful to my friends and colleagues for their general goodwill and help.

My special thanks goes to my wife, Mrs. Golap Kumari Rout, Head Mistress, whose ungrudging help and cooperation has contributed a lot in the preparation of this thesis.

I also take this opportunity to express my gratitude to the Government of Orissa in the Education Department for granting me study-leave during 1980-83 to conduct the experiments embodied in this thesis.

Lastly, I thank all those, who have rendered me all possible help in preparation of this thesis.
