ACKNOWLEDGEMENT

It gives me immense pleasure to thank Dr.C.S. Shyamala Devi, Professor and Head, Department of Biochemistry and Molecular Biology, University of Madras, Guindy Campus for her unfailing guidance, valuable suggestions and constant encouragement throughout the period of my study.

I wish to thank Dr.S. Govindasamy, Dr.Niranjali Devraja, Dr.T. Devaki and Dr. Subramaniam for their help during the period of study.

I sincerely thank Prof. Mohammad Nayeem of Veterinary College (Presently retired) for his help in carrying out Electrocardiographic studies.

I express my heart felt thanks to my senior scholars Dr.K.E. Sabitha and Dr.A.J. Vanisree and colleagues S.D. Saraswathy, P. Mahendran, K. Vijay Mohan, S. Suchalatha and K. Hari Prasad for their help throughout the period of study.

I would like to thank Dr. Subramaniam, Chief Biochemist, Apollo Hospital, Chennai for his kind help during the study. I would like to thank my friends, the list being quite long, who have by small acts of kindness, helped me immensely. My thanks go to each one of them personally. I would like to thank the technical and non-teaching staff of the Department of Biochemistry and Molecular Biology, University of Madras, Guindy Campus.
I owe my gratitude for my husband R.H. Rao and Children Sai and Rishi for their cooperation and support throughout my research career.

Last but not the least, I am extremely thankful to my parents V. Shantha and V. Subba Rao and my mother-in-law R.A. Lakshmi without whose help this work would have been impossible.
