ACKNOWLEDGEMENTS

I wish to express my deep sense of gratitude and indebtedness to Dr. N. Siva Kumar for his excellent supervision, ever willing encouragement, unending help and abiding interest throughout the tenure of my Ph.D work. I also express sincere thanks for encouragement to carry out part of my Ph.D work in the laboratory of Prof. Dr. K. von. Figura (Institut fur Biochemie Und Molekulare Zellbiologie, Heinerich-Duker weg 12D, Gottingen-37075, Germany).

I am thankful to Prof. K. Subba Rao, Head, Dept. of Biochemistry and Prof. R. P. Sharma Dean, School of life sciences, University of Hyderabad for providing necessary facilities to carry out my work.

I am thankful to Prof. Dr. K. von Figura German Mentor for supporting my application for the award of UGC-DAAD (German academic exchange service) fellowship and extending all the lab facilities. His spontaneous suggestions at the critical times were of great help. I also thank him for re-inviting me for the successful completion of the work.

I wish to express my deep sense of gratitude to Dr. Annette Hille-Rehfeld for her excellent supervision, unending help and ever willing encouragement throughout my stay in Germany. She was always been very pushy to have number of fruitful discussions together with Prof Figura.

I thank the faculty of school of life sciences, who taught me basics in biochemistry.

I wish to thank my dearest friends for sharing my feelings, Special thanks to my friends Vashisht, Radha, Jayaraju, Suresh and Mallikarjun for their timely help.

I thank Dr. Thomas Dierks, Dr. Bernhard Schmidt, Dr. Peter Schu, Dr. Christian korner, Dr. Paul Saftig (Gottingen, Germany) for their valuable suggestions.
I thank all my colleagues Jutta, Bettina, Steffani, Rixa, Jens, An/a, Martin, Claudia and others for giving a friendly atmosphere in the German laboratory.

Special thanks to my dearest friend and research colleague Liliana Schalamanova (Bulgaria) for controlling my moods and trying to keep me very happy throughout.

I thank my friends Dr.Shankar, Dr.Narendra kumar, Dr.Prasad, Chitkala, Priya, Hari Simha, Jyothi, Rastogi who made my stay in Germany a most memorable one.

I thank Nadine, Frau Sander, Katja, and Martina for their technical assistance.

My sincere thanks to the non-teaching staff at the University of Hyderabad and Gottingen, Germany for their assistance, whenever it was required.

I am extremely grateful to my parents, whose endeavours made me what I am. I am also thankful to my brothers and sisters for their love, affection encouragement throughout my academic life.

I once again thank my supervisors and others who had been a source of inspiration and help during my work.

I greatly acknowledge the financial support received from CSIR (INDIA), DAAD (Deutsche Akademische AustauschDienst, Germany and DAAD Office New Delhi) and the Deutsche Forschungsgemein Schaft (SFB 525 Germany).

-Udaya Lakshmi Yerramalla
