In the name of Almighty God, who has always showered my path with his blessings, patience and perseverance that have helped me in the completion of my project.

First and foremost, I am sincerely obliged and indebted to Dr. Suresh Chand, Prof. and Head, School of Life Sciences, Devi Ahilya University, Indore and external faculty member of Banasthali University as Supervisors of the advisory committee for his scholarly guidance, experienced words, constant encouragement, affectionate behavior and scientific suggestions and help throughout the programme of this work.

I express my sincere gratitude to Dr. Kanika, whose experience, kind guidance and inspiring criticism have paved the path for achieving this target. She led me to work and study more and more. Diction is not enough to express my unbound gratitude and affection to my beloved family members, my grandfather Mr. Jagdish Saran Goyal, my father Mr. Anil Kumar Goyal, my mother Mrs. Ritu Goyal and my sister Mrs. Kritika Agarwal, for the unconditional support
and encouragement, bringing me up in the best possible ways, for rendering me in the best of education, for nurturing in me the best of ideals.
