ACKNOWLEDGEMENTS

I would like to express my sincere gratitude to my supervisor, Dr. P. Sarah under whose supervision this work has been carried out. Her profound interest, invaluable guidance, useful and timely suggestions and teaching are highly acknowledged. I am very much grateful for her constant encouragement during the course of work and the critical support, without which this work would not have been completed. I express my sincere gratitude to my teacher.

I greatly acknowledge my co-supervisor Prof. T. Radha Krishna for his valuable guidance and useful suggestions throughout the research work.

During the process of my work, there are lots of people whom I have to thank for giving me their help.

I am very much grateful to Prof. K. Rama Sastri, Principal, CVR College of Engineering for his continuous words of encouragement.

I thank Management of CVR College of Engineering for their support.

Thanks to Prof S.V. Suryanarayana, Prof T. Bhimasankaram, Prof G. S. Kumar and Prof. G. Prasad, Osmania University for providing experimental facilities of Materials Research Laboratory.

I am grateful to Dr. V. Chandrasekaran and Dr. A. R. James, DMRL, Hyderabad for extending their furnace facility.

I greatly acknowledge the help of Prof. Chen Chia Chou, NTUST, Taipei, Taiwan for extending electromechanical measurement facility.

Thanks are due to Dr. Samuel Sukumar, Mr. Venugopala Rao and Mr. Ashok Kumar for providing SEM facility at Geological Survey of India, Hyderabad.
My special thanks are to my brother Dr. Syed Mahboob for helping me with the data and also for suggestions during the tenure of my research.

I thank DRDO, Govt. of India for providing financial support during the period of research work.

I thank all my friends for their moral support.

Finally I am grateful to my parents, brothers and sister whose good wishes helped me in completing this work.
