LIST OF PRESENTATIONS AND CONFERENCES ATTENDED

❖ D. N. Adhyaru, N.S. Bhatt, H.A. Modi. “Hydrolytic activity of xylanase on agro- waste under submerged fermentation” at the 52nd Annual conference of Association of Microbiologist of India (AIM) held at Punjab University, Chandigarh, India from 3-6 November, 2011. (Poster).

❖ Participation: “GSBTM sponsored National seminar at BIT Virtual node-AAU on “Changing Role of Bioinformaticians In Next Generation sequencing Era” held at Department of Animal Biotechnolog, college of veterinary Science and Animal Husbandary, Anand Agricultural University, India on November 18th 2011.

❖ D. N. Adhyaru, N.S. Bhatt, H.A. Modi, Jyoti Divecha. “Statistically engineered, Aspergillus tubingensis FDHN1 mediated xylanase production under solid state fermentation and its application in biomass conversion” 10th BRSI Convention and International conference on advancement in Biotechnology and Bioinformatics (ICABB) held at D.Y. Patil Biotechnology & Bioinformatics Institute, Pune, India from 25-27 November, 2013. (Poster)
D. N. Adhyaru, N.S. Bhatt, H.A. Modi, Jyoti Divecha. “Design of process parameters for cellulase-free xylanase production by *Bacillus altitudinis* DHN8 under submerged fermentation using statistical approach” International Conference on “Integrating Basic and Translational Research In Modern Biology held at M.S.University, Baroda, India from 27-28 December 2013. (Poster).

Participation: “National Level seminar on “Recent Advances In Applied Sciences (RAAS)” held on Shri A.N. Patel Postgraduate Institute, Charotar Education society, Anand, India from 8th March 2013.

D. N. Adhyaru, N.S. Bhatt, H.A. Modi, Jyoti Divecha. “Statistical modelling for cellulase-poor xylanase extraction and enzymatic property determination” 11th BRSI Convention and International conference on Emerging Treads in Biotechnology (ICETB) held at Jawaharlal Nehru University, New Delhi, India from 6-9 November 2014. (Poster).
