DEO OPTIMO MAXIMO (Latin)
To The God, the best, the greatest

To the AKAAL (The Timeless, immortal), the SACHAA (The True, holy)
the PIYAAARA (The Beloved) and the NIRANJAN (Untainted by Maya)
(Sanskrit)

To the Responsive (AL-MUJIB), the Hidden (AL-BATIN), and the most
nearer (AL-QARIB), the Subtle (AL-LATIF), the Fashioner (AL-MUSAWWIR), the
Loving (AL-WADUD). (Arabic)

ACKNOWLEDGEMENTS

I am sincerely thankful to the omnipresent, omniscient and omnipotent "DIVINE
SHAKTI" the unknown, unknowable but only usable force, (like breathing air), with known
outside manifestations like fire, earth, sky, air and water; for making it possible to complete
my Ph.D work.

I express my sincere gratitude to Dr. Mohd. Yaqoob, Formerly Director (Engg. &
Administration), WALAMTAH, Hyderabad and Head, Water Resources Development,
Engineering Staff College of India for his valuable guidance, help and encouragement
throughout the course of study.
I am thankful to Prof. L.S. Willardson of Utah State University, USA for his kind encouragement to do doctoral research in "Conjunctive Water Use Management" during my visit of International Irrigation Center at UTAH STATE UNIVERSITY, USA in the year 1992.

I am thankful to the following eminent professors / engineers / chief engineers for their supportive encouragement and guidance in shaping my life towards the research and training in water management.

1. Er. T. Hanumantha Rao, Former Engineer-in-Chief & Director General, WALAMTARI
2. Er. Mohd. Mohamood Ali, Former Chief Engineer (Irrigation Department)
3. Er. Mohd. Hamid Hussain, Former Engineer-in-Chief & Director General, WALAMTARI
4. Prof. P.G. Sastry, Former Director General, WALAMTARI
5. Er. P. Gopala Krishna Murthy, Former Engineer-in-Chief & Director General, WALAMTARI
6. Late Dr. K.N. Raja Rao, Former Director (Engg & Admin.) , WALAMTARI & Commissioner (Project Formulation).
7. Prof. S. Raghuvardhan Reddy, Former Director (Agril & Research), WALAMTARI
8. Er. N. Eswarappa, Former Director (Engg & Admin), WALAMTARI & Chief Engineer (Investigation)
9. Prof. S.N. Pundit, Former Professor of Statistics Dept., Osmania University.
10. Prof. Dayaratnam, Former Vice Chancellor of JNTU.
11. Prof. R. Raghavendran, Former Professor at REC Warangal and Anna University.
12. Prof. Raghavachari, Emeritus Professor, JNTU.

I gratefully acknowledge the help received from the Director, Sri Krishna Bhagawan of AP State Remote Sensing Application Centre in preparing the base map of the study area.

I am thankful to Groundwater Department and Chief Engineer, SRSP Project for allowing me to use the required data for my research work.
I am grateful to hundreds of my trainee officers from both the Irrigation and Agricultural Departments and thousands of my trainee farmers for giving me useful "dynamic feedback with mutually beneficial interactions" which is used in my Ph.D work.

I am also thankful to Government of Andhra Pradesh and WALAMTARI for providing me an opportunity to visit and study twenty two irrigation project commands, within and outside Andhra Pradesh, the knowledge of which is used in my Ph.D work.

I am thankful to "National Centre for Science Information", Indian Institute of Science, Bangalore and the authorities of the library of Central Water and Power Research Station (CWPRS), Pune for giving me the necessary information on the research work done in the subject of conjunctive water use management through their CD-ROM database.

I am also thankful to the authorities of National Academy of Agricultural Research and Management (NAARM) library for permitting me to refer to "Dissertation Abstracts International", to have the latest dissertation abstracts on the subject of conjunctive water use management.

I gratefully acknowledge the help received from the authorities of the following libraries while doing literature survey and collection over a period of more than three years in the subject of "Conjunctive Water Use Management" for my Ph.D study.

1) Utah State University, USA
2) National Geophysical Research Institute (NGRI), Hyderabad.
4) Water and Land Management Training and Research Institute (WALAMTARI), Hyderabad.
5) National Institute of Small Industries Extension Training (NISIET), Hyderabad.
6) National Institute of Rural Development (NIRD), Hyderabad.
7) Jawaharlal Nehru Technological University (JNTU), Hyderabad.
8) CCS - Haryana Agricultural University, Hisar, Haryana
9) Indian Institute of Technology (IIT), Madras.
10) Indian Institute of Technology (IIT), Kharagpur.
11) Irrigation Management Training Institute (IMTI), Tiruchy.
I am thankful to Sri Aurobindo, Sri Ramana and Sri Jiddu Krishna Murthy for guiding me through their books in widening the understanding about the "Practical art of living" which does not involve the Perpetual mental tension, Nervous tension, Worry with the mindless, robotic and mechanical behaviour. The knowledge, awareness and practice (K.A.P) of Sri Aurobindo's Unceasing and unselfish intense spiritual aspiration of "Let thy will be done, not mine"; Unflinching ever rejection of mind's lower dead habits, self-indulging ideas and self-conflicting opinions with Non-pseudo and non-tamasic psychic surrender to the DIVINE; Sri Ramana's persistent Self-enquiry of "Who am I?" which helps in unmasking our false-self and Sri Jiddu Krishna Murthy's "Negation of what is not love", Wholeness, Aloneness, Spontaneity, Choiceless awareness, Attention and Non-accumulative psychological learning; all have made me to enjoy my long sustained efforts in doctoral research, by causing self-reformation (known as ISLAHE-NAFS or TAZKIATUN NAFS in Arabic language).

I also thank my colleagues, friends and well wishers, numerous in number for their encouragement during the thesis work.

Last, but not the least, I thank my wife Mrs. Farida and my two daughters HANEEFA and TABASSUM for their patience, understanding, tolerance and cooperation throughout the long years and long hours of my Ph.D work.
