ACKNOWLEDGEMENTS

I shall ever remain indebted and extremely grateful to Dr. N.Ch. Pattabhi Ramacharyulu, Retired Professor of Mathematics, National Institute of Technology, Warangal and my Supervisor, who guided me with missionary zeal. Without his inspiration and encouragement, the investigations contained in this thesis would not have been possible.

I wish to place on record my deep sense of gratitude to Dr. B. Krishna Gandhi, Professor of Mathematics and Principal, College of Fine and Arts, Jawaharlal Nehru Technological University, Hyderabad and co-supervisor of this thesis for extending unstinted cooperation, authentic guidance at every stage of the work and for his constant encouragement throughout the work.

I am ever grateful to Dr. P. Nageswara Rao, Professor of Mathematics and Head, Department Humanities and Sciences, V.N.R. Vignana Jyothi Institute of Engineering and Technology who was a tower of strength in the preparation of this thesis. It is a rare privilege and honor for me to receive his continuous cooperation and encouragement without which this thesis would have remained a dream.
I wish to express my sincere thanks to Dr. G. Ramakrishna Rao, Professor of Mathematics and Head of the Department of Mathematics and all faculty members in the Department of Mathematics, Jawaharlal Nehru Technological University, Hyderabad, for their help and valuable suggestions.

My special thanks are due to Sri J.S. Krishna Murthy, General Secretary of VNR Vignana Jyothi Institute of Engineering and Technology, for his encouragement not only to this humble self but also the faculty of the Institute for widening the horizons of knowledge. I am motivated by him to get myself enrolled for Ph.D.

Sri Ch. Venketeswara Rao, Chief Administrator, Vignana Jyothi Group of Institutions had given me immense encouragement and support for continuing the research and I am grateful to him for his moral support.

I acknowledge with pleasure the cooperation and help that I received from Dr. S. Venkateswara Rao, our ex-principal, VNR Vignana Jyothi Institute of Engineering and Technology for inspiring me in achieving my academic and career goals.

My heartfelt thanks due to Dr. B.V. Subba Rao, Principal, VNR Vignana Jyothi Institute of Engineering and Technology for permitting me to use the facilities available for research at the
Institute. I sincerely thank him for extending his encouragement at every stage of the work.

I am fortunate to have received cooperation and encouragement from my colleagues in the Department of Humanities and Sciences and the Academic and Examination Branch which helped me in several ways.

I express my sincere thanks to Mr. A.Raghu Babu of the Academic and Examination Branch, VNR Vignana Jyothi Institute of Engineering and Technology for getting the thesis typed.

I extend my thanks to my husband, my children, my parents, my mother in-law and my late father-in-law Sri K.V.Ranga Rao and other family members.

I also wish to thank one and all who helped me directly or indirectly in the successful completion of this thesis.

KODALI ANURADHA
