ACKNOWLEDGEMENT

First and foremost I am exceedingly indebted to pay my thanks to Almighty Allah who bestowed me with such a courage, aspiration, patience, sound health and whatever was needed to select this course and with whose blessings I completed this programme.

I am greatly indebted to my Supervisor/Guide Prof. Mahmood Ahmad Khan, Dean and Head, faculty of Education, University of Kashmir, for his constant and consistent inspiration and persuasive monitoring of work throughout the research programme with his great quality of honesty an humanity invested his precious time and effort in helping and guiding me in carrying on this course. My special gratitude to Dr. Sandeep Tiwari, Professor at IGIPESS University of Delhi for her valuable suggestions during completion of this thesis. I am thankful to Dr. Devinder. K, Kansal, Dean/Head, Department of Physical Education and Sports Sciences, Faculty of Inter-Disciplinary and Applied Sciences, University of Delhi, for providing me enough support and facilities enabling me to smoothly conduct my research work.

Above all, I feel highly indebted to my Brother Dr. Khursheed Ahmad Qureshi, and my sisters for their moral support and blessings. I am extremely pleased that my nephew Er. Wasim Ul Haq Qureshi spearred his precious time to help me during the completion of my research work, especially in categorizing and during manipulation of data.

My deepest gratitude goes to my companion sweet wife Mrs. Syed Parri Jan Qureshi, who supported me and kept me noticed to complete the task, with dedication and persuasiveness. I offer my deepest admiration and love to my daughter Jannat Binti Ajaz Qureshi and Son Ibrahim Bin Ajaz Qureshi who did a fabulous job while compiling the data. I am proud of you all.

I am really thankful to Dr. Altaf ur Rehman, Director Physical Education Islamia College of Science and Technology for contributing towards data collection. Thanks are also due to all the Principals of Colleges and Higher secondary institutions of Srinagar who allowed me to collect data from the students despite their busy schedule.

I am pleased to acknowledge the help and cooperation received from my friends and teachers of the Faculty of Education, University of Kashmir especially,
Prof. M.Yousuf Ganie, Prof. Mohammad Iqbal Matoo, Dr. Tasleema Jan, Dr. Amina Parveen and Dr. Najma Peerzada, Dr. Shabir Ahmad Bhat, Dr. Mohammad Amin and Dr. Syed Riyaz Ahmad. I also owe my thanks to Non Teaching members of the department, especially Mohammad Abbas, Mr. Mohammad Ashraf, Mr. Shabir Ahmad and Library staff for their generous cooperation during completion of my research work. In the project of this scope, there are bound to be many people to thank, and no way to thank each personally. However I wish everyone to know that I do deeply appreciate all of their help.

Thanks are also due to all those subjects for their timely co-operation who appeared as silver lines under the black clouds around present Kashmir. Several other individuals also supported the conduct of this study and are deserving thanks. At the risk of omitting a few, it is better to acknowledge them all.

Last I would like to thank Mr. Shaukat Ahmad “Computer-Inn, Hazratbal” who devoted so much time in drafting and printing the dissertation with valuable help and support.
