I would like to begin with deep debt of gratitude to my research guide Dr. M. B. Halli, Professor, Department of P. G. Studies and Research in Chemistry, Gulbarga University, Kalaburagi for his grit and determination and thriving to come out with his stimulating discussions through the initial fumbling.

I am thankful to Dr. K. Siddappa, Professor and Chairman, Department of Studies and Research in Chemistry, Gulbarga University, Kalaburagi for providing research facilities to carry out the present work.

I express my sincere gratitude towards my beloved teachers of this department Dr. A. Venkataraman, Dr. N. M. Goudagon, Dr. A. R. Saundane, Dr. B. H. Mruthyunjayswamy[Retd] and Dr. J. S. Biradar [Retd].

My special words of gratitude to my research lab mates Dr. Sumati R. B., Dr. Sadu Suryakant. S and Dr. Mallikarjun. K for all their help.

I would like to extend my heartfelt thanks to Dr. Nabiya Mayana, Mrs. Annapurna H, Miss. Kalpana and other research colleagues for their moral support.

I must acknowledge for kind support of Mrs. Akkamahadevi M. Halli, Mr. Naveen and Miss Megha.

Words could never adequate to express my profound gratitude to Dr. Sunil Mane, without the unstinting support of whom I wouldn’t have been given a right track to my work. Thanks a ton for your kind gesture and being stood by me through my thick and thin right through from start and now that I reached my way.

I will never find words to tell what I owe to my family, and if I start doing it, I would not know where to stop...thanks for everything ... Your prayer for me was what sustained me thus far.

My thanks move ahead to IIT Chennai, SAIF Punjab and BioGenics Hubli for having provided excellent analytical, spectral and biological activities data.

My thanks are due to UGC-BSR Fellowship for financial assistance.

I express my sincere thanks to the non-teaching staff, Department of Studies and Research in Chemistry, Gulbarga University, Kalaburagi, for their kind nature and help.
