ACKNOWLEDGEMENT

First and foremost, I thank, the Almighty God for endowing his immense blessing that helped me in each step of my progress towards the successful completion of this research work.

I owe a warm debt of gratitude to my Research supervisor, Prof. Dr. S. Suresh Kumar B.E., M.S., M.Tech., Ph.D., Professor and Principal, Vivekanandha College of Engineering for Women, Elayampalayam for his guidance, novel ideas, inspiration and brilliant discussions at every stage of this work. From my bottom of heart I thank him for made this as a good research work.

I warmly thank Prof. Dr. M. Balasubramaniam M.Tech., Ph.D., and Prof. Dr. S. Jothilakshmi, M.E., Ph.D., Associate Professors of, Department of Computer Science & Engineering, Annamalai University for their valuable advice and friendly help. Their extensive discussions around my work and their detailed and constructive comments have been very helpful for this research.

It is my privilege to thank the management and the staff of the Department of Computer Science & Engineering of Vivekanandha College of Engineering for Women for their constant support and cooperation to complete the thesis.

Most importantly, none of this would have been possible without the love and patience of my family. Words alone cannot describe the encouragement, affection and my parent, wife and children; I thank them for all the help, care and moral support provided throughout this work.

J. GLADSON MARIA BRITTO
