ACKNOWLEDGEMENT

it gives me deep and profound pleasure to express my deep sense of gratitude and indebtedness to my research guide Prof. K.P.R. Chowdary, Head, Department of Pharmaceutical Sciences, Andhra University, Visakhapatnam, for his dense and dynamic interest and critical, constructive, skilful and innovative guidance and also for providing facilities for carrying out part of the work in his laboratories at Andhra University, Visakhapatnam.

The author expresses her heartfelt thanks to SIDDHARTHA ACADEMY OF GENERAL AND TECHNICAL EDUCATION for giving me the opportunity and for providing facilities to carryout the research work in the laboratories of K.V.S.R. SIDDHARTHA COLLEGE OF PHARMACEUTICAL SCIENCES, Vijayawada.

The author wishes to express her gratitude to Sri K.J.N. Prasad, Convener and Joint Secretary, Sri B. Rama Rao, President, Sri M. Subba Rao, Secretary and other members of Siddhartha Academy of General and Technical Education, Vijayawada for their encouragement and interest shown in her research work.

The author expresses her deep sense of thanks to Dr. K.V.R.N.S. Ramesh, Principal, K.V.S.R. Siddhartha College of Pharmaceutical Sciences, Vijayawada for his continuous cooperation throughout the research work.

The author expresses her indebtedness to Sri A. Chandrasekhar, Central Drugs Inspector, Hyderabad, Dr. Prakash, V. Diwan and Dr. S. Ramakrishna, IICT, Hyderabad for their unforgettable help during the research work.

The author wishes to express her thanks to M/s. Cerestar Inc., Chicago, USA. Himedia, Bombay, Dr. Reddy’s Laboratories, Hyderabad and M/s. National Scientific Products, Vijayawada for the supply of drugs and excipients used in the present investigation.

The author expresses her heartfelt thanks for the encouragement received from her colleagues Dr. N. Rama Rao, Dr. G. Devala Rao, Sri I. Sudhir Babu, Sri M. Eswara Gupta, Sri V. Ramakrishna, Sri G. S. Saibaba, Sri S. Vidyadhara, Sri A. Narendra, Sri A. Ravi Kumar, Sri P. Srinivasa Babu, Sri G. Ramana, Mrs. Karunasi, Mrs. Bharati and Sri A. Lakshmana Rao.
The author wishes to express her sincere thanks to Mr. K. Srikanth, Mr. Saidi Reddy, Mr. Rama Rudrama Raju and Mr. Suvama Kumar for participating in the in vivo experiments.

The author wishes to express her gratitude to the Director, Institute of Science and Technology, JNTU, Hyderabad, Dr. M. Lakshminarasu, Head, Centre for Biotechnology and staff of Institute of Science and Technology, JNTU, Hyderabad for their encouragement and interest shown in the present investigation.

The author extends her heartfelt thanks to Ms. T. Bala Tripura Sundari, Mr. N. Koteswara Rao, Mr. Y. Srinivasa Rao, Mr. S.A.L. Prasanna and Vijaya Srinivas, research scholars for their helping hand at the time of the work and in the preparation of this thesis.

The author wants to express her heartfelt tributes to Late J.V. Narasimham who has been the great source of inspiration.

The author expresses her deep sense of gratitude to her parents and other family members for their constant support and encouragement during the course of the work.

The author wishes to express her heartfelt thanks to Smt. J. Simhechalam and her sister Padmavathi for their cooperation at the time of the work.

A. PRAMEEELA RANI
