ACKNOWLEDGEMENT

It is a moment of gratification and pride to look back with a sense of contentment at the long travelled path to be able to recapture some of the fine moments, to be thankful to several people, some who were with me from the beginning, some who joined me at different stages during this journey, whose kindness, love and blessings, who in some way or the other have brought me to this day. I wish to thank each and every one of them from the very bottom of my heart.

I offer flowers of gratitude to the God who has been the source of strength in my life.

I take this opportunity with an immense pleasure to express my deep sense of gratitude to my research guide Dr. H. S.
