ACKNOWLEDGEMENT

First and foremost, I would like to thank God whose blessing has enabled me to accomplish my thesis work successfully.

I am grateful and deeply indebted to Prof. Sukhcharn Singh (Supervisor 1) and Prof. D.C. Saxena (Supervisor 2), Department of Food Engineering and Technology, for his valuable suggestions, constructive criticism, constant encouragement, excellent guidance, abiding interest, unstinted help and well wishes during entire period of my research work. This thesis may have not been possible without their devoted help, support and dedication.

It gives me immense pleasure to record my sincere gratitude to Prof. P.S. Panesar, Head, Department of Food Engineering and Technology, Prof. D.C. Saxena, former HOD and Departmental Research Committee for their valuable suggestions and critical appraisal of this thesis.

I am highly grateful to Prof. V.K. Jain, Director, Sant Longowal Institute of Engineering and Technology, for providing the opportunity to carry out the research work in this Institute of excellence.

I am thankful to the entire faculty of the department for their cooperation during my research work because without their constant support it would have been impossible to complete the thesis in the present form.

I am deeply indebted to the non-teaching staff of the department especially Mr. Manoj Pandey, Mr. Laxmi Narayan, Mr. Devendra Singh, Mr. Om chand and Mrs. Praveen Goyal for helping me in the research work.

I express my most heartfelt and cordial thanks to Dr. Salez Sood, VPKAS, Almora, Uttarakhand, India, who provide me amaranth variety VL – 44 to carry out my research.
I cherish the sweet memories of good company with my best friends late Cozy Saini, Nisha and all dear friends and juniors (Sangeeta, Garima, Payal, Romee, Nadiya, Narendra, Nisar, Deepak, Bindu, Sajad, Insha, Kulsum, Poonam, Sugandha and Seema) whose wishes, encouragement, co-operation, moral support and reverence helped me to achieve this paragon.

No words of mine can adequately express my regards to my respected Father in law, mother in law, my parents, my brothers and sister and my niece Bhawana whose inspiration and motivation brought me to this stage.

My special thanks to my mother in law, Smt. Bohti Devi, and my brother Dr. Anand Prakash Chauhan for their constant support, inspiration and motivation to overcome the difficulties, which crossed my way in the accomplishment of this endeavor.

Finally and most importantly, I want to thank my beloved husband Roshan Singh and my sweet daughter Arpita for their love, patience and help. Without you, I would never have finished my thesis.

Finally, I would like to thank everybody who was important to the successful realization of thesis, as well as expressing my apology that I could not mention personally one by one.
