III

ACKNOWLEDGEMENTS

Thanks to God Almighty for giving me continuous opportunities, required wisdom, strength and determinations for creative and meaningful contributions to the society and our education system which is highly important in developing a healthy society and our future citizens.

I greatly acknowledge the motivation, guidance, support, interest, affection of all those individuals who rendered their contribution whole heartedly whenever I approached them during my long research work.

I am indebted to my Research supervisor – Dr. Vipin Jain Director Teerthanker Mahaveer Institute of Management & Technology (TMIMT), Teerthanker Mahaveer University (TMU), as the successful completion of this research could not have been possible without him as he was instrumental in providing the appropriate guidance, interest, support and visions and insights related to the research processes throughout the duration of research work.

I also take this opportunity to thank Chancellor of the University Mr. Suresh Jain for his good deeds, Former Vice Chancellor Prof. R.K Mittal and Vice Chancellor Prof. Rakesh K. Mudgal for inspirations and guidance to peruse for a meaningful research work and the topic selection.

My special thanks to Dr. J.B Jain, Controller of Examination and Mrs. Vaishali Dhingra, Deputy Registrar TMU for their affections, guidance and help in completing procedural formalities.

I am also thankful to Dr. Chanchal Chawla, Chief Proctor TMIMT and Dr. Mosam Sinha HOD English TMIMT for sparing valuable time in helping me throughout to shape the research work through their own rich experiences and expertise in respective fields.
I also extend my gratitude to my colleagues who were always at my help to fulfill the requirements time to time and especially Mrs. SachiChaturvedi and Mrs. NidhiRastogi who spared their expertise, valuable time and energy selflessly whenever required.

This study would not have been completed without the valuable efforts by a team of students from TMIMT, interest by learned Principals of all the selected schools and the cooperation of staff, students and parents who helped in collection of required data.

Finally, I would like to mention that my research is the outcome of a number of positive thoughts, experiences, good intentions and good deeds by numerous known and unknown good people who had wishes for the success of a good work favorable to the society.

I am grateful to all those who have contributed to research to make it possible.

ANUPAM KUMAR
