LIST OF FIGURES

Figure 1.1. Assimilation of Factors Noted from TPB and Adapted Factors .................................................. 19
Figure 1.2. Research Model .......................................................................................................................... 24
Figure 1.3. Chapter Scheme of the Study ...................................................................................................... 33
Figure 2.1. Development of Indian Banking Industry .................................................................................. 43
Figure 2.2. Structure of Indian Banking Industry .......................................................................................... 44
Figure 2.3. The Growth of Internet Users in India from 2000 – 2015 ............................................................. 51
Figure 2.4. Internet Users in India 2013-2017 (P) .......................................................................................... 51
Figure 2.5. Internet World Penetration Rates by Geographic Region - June 2016 ........................................... 52
Figure 2.6. Customers’ Perceptual Process to Adopt Service ........................................................................ 62
Figure 2.7. 7Ps of Service Marketing Mix to Lead to Customers’ Adoption of e-banking ................................. 64
Figure 2.8. Different Customer Touch Points for Service Delivery Process ................................................ 68
Figure 2.9. Evolution of Diverse Delivery Channels in Banking ................................................................. 70
Figure 3.1. Customers’ Innovation Adoption Decision Process .................................................................... 94
Figure 3.2. Innovation Diffusion Theory (IDT) .............................................................................................. 95
Figure 3.3. Theory of Reasoned Action (TRA) ............................................................................................. 97
Figure 3.4. Theory of Planned Behaviour (TPB) .......................................................................................... 103
Figure 4.1. Development of Measurement Instrument .................................................................................. 108
Figure 5.1. Graphical Representation of the Gender Participated in the Survey ............................................. 120
Figure 5.2. Graphical Representation of Age Groups of the Respondents ..................................................... 121
Figure 5.3. Graphical Representation of Marital Status of the Respondents .................................................. 122
Figure 5.4. Graphical Representation of Education Level of the Respondents ............................................... 123
Figure 5.5. Graphical Representation of Profession of the Respondents ....................................................... 123
Figure 5.6. Graphical Representation of Monthly Income of the Respondents ............................................. 124
Figure 5.7. Graphical Representation of Overall Users and Non-users of Internet Banking .......................... 128
Figure 5.8. Graphical Representation of the Internet Banking Users’ Response Regarding their Perception About Internet Banking .................................................................................................................. 131
Figure 5.9. Graphical Representation of the Internet Banking Users’ Response Regarding the Major Enablers of Internet Banking ............................................................................................................. 134
Figure 6.1. Stakeholders Mutuality for Development of Online Banking Culture and Cashless Society 167
