ACKNOWLEDGEMENTS

No research work is possible by working alone without the guidance, contributions, co-operation, help and support of other people. Many minds and hands are required to beautify and to make it a success story.

The exploration of an opportunity needs versatile guidance which I was fortunate enough to gain under the auspices of my respected guide, Dr. M. Musaddiq, Reader and Head, Dept. of Microbiology, Shri Shivaji College, Akola. So I feel immense pleasure in taking this opportunity to express my deepest and whole hearted sense of gratitude and sincere indebtedness toward his talented and inspiring guidance and constant encouragement right from the selection of the topic to the final shaping of the manuscript of this thesis. I would like to give all credit to him since the work would not have gone to completion without his incentive.

I gratefully acknowledge Hon’ble Shri Vasantraoji Dhotre, President, Shri Shivaji Education Society, Amravati and respected Dr. Vitthal Wagh, Principal, Shri Shivaji College, Akola for providing necessary facilities during the course of these investigations.

I extend my thanks to Mrs. A. S. Pethé for her constant encouragement, help and suggestions throughout this work and Mrs. C. S. Ukesh for her help regarding the review of literature. I am deeply indebted to Dr. S. P. Routh, Reader, Dept. of Botany, Shri Shivaji College, Akola for identification of plants and Prof. D. G. Bhadange for helping me in gaining the information concerned with medicinal plants.

I am very much thankful to Dr. Mr. and Mrs. Mahashabde, Dr. Mrs. Khelkar, Dr. Ketkar, Dr. Gokhale, Dr. Mrs. Ghangle and Dr. Kankal of Ayurveda College, Akola for their help during initial selection of medicinal plants and giving information about the ayurvedic literature. I also express my thanks to Dr. Mrs. Aarti Godbole for helping me in translation of ayurvedic literature.

I would like to express my sincere thanks to Mr. M.K. Rao, the then Deputy Conservator of Forest who helped in collection of some plant materials. I express my special thanks to Mr. R. B. Giri, Range Forest Officer, Chikhaldara and Mr. Ghatale, of Akola Forest Division for providing information about the forest and medicinal plants found in and around Akola District.
I am thankful to Dr. Jhade, Reader, Dept. of Botany, Shri Shivaji College, Akot and Shri Jagannath Dharmec of Bordi, who helped me in collection of plant materials from Bordi beat of Akola Forest Division. Thanks are also given to Dr. Mrs. Jain, Mr. Abhimani Bhaskar, Tulsiram Bhau and Mama Waghmare of "Vanvasi Kalyan Ashram", who helped me in establishing contacts with the local people residing near forest and also for their help in collection of plant material.

I express my profound thanks to Mr. Gokul Khandwaye and Fattu Ramaji Yogle, the local residents of villages near forests and Mr. Sanjay Chandurkar who walked with me through the forest and gave an important contribution in collection of plant materials.

I am also indebted to Dr. S. G. Jyotishi, Head, Central Research Laboratory, Shri Ayurved Mahavidyalaya, Nagpur and Mrs. Sudha Tiwari and Mr. Jaykishore Chhangani, his associates for performing the phytochemical analysis of the plant extracts. Thanks are also due to Mr. Susheel Agrekar, faculty member, ICFAI, National College, Amravati for doing statistical analysis included in this work.

I gratefully acknowledge Dr. B. J. Wadher, Professor, P.G. Dept. of Microbiology, Nagpur University for spending his valuable time for me and for his valuable suggestions during the course of this work. I am also grateful to Dr. K. V. Shankhapal, Professor, P.G. Dept. of Microbiology, Nagpur University for kindly providing the literature I needed and his valuable suggestions. My heartiest thanks to Dr. Sharad Deshmukh, Associate Professor, Government Medical College, Latur and Dr. G. S. Gond, Head, Dept. of Biochemistry, Gurumanak College of Science, Ballarpur for their friendly help and suggestions time to time.

I would extend my thanks to Mr. NGV Rao, Lecturer, Biotechnology Division, Dr. Panjabrao Krishi Vidyapeeth, Akola for his timely help and useful remarks and Mr. Mangesh Mohril, research associate, Biotechnology Division for his valuable co-operation. I would like to thank Dr. N.S. Kulkarni, Head Dept. of Microbiology, R.A. College, Washim for helping me in collection of some references.

I am very much thankful to Mr. Raut, Librarian, Shri Shivaji College, Akola, Mr. P. B. Khandekar, Librarian, Dr. P. D. K. V., Akola, Mr. Peter, Librarian, P.G. Dept. of Biochemistry, Nagpur University, and the Librarian of Dept. of Pharmaceutical Sciences, Nagpur University for their unforgettable
co-operation during the library work. I am also thankful to the Technical Director, National Informatics Centre, New Delhi for providing references on search request.

I express my special thanks to Ms. Smita Lanjewar, Ms. Anupama Banole, Ms. Padmini Parmar, Ms. Pooja Lulla and Mr. Santosh Amte for their technical assistance at various times. I would also extend my thanks to Mr. Sayyad Asad, Research Associate, National Chemical Laboratory, Pune, for his most valuable help regarding collection of literature.

I wish to express my sincere thanks to Mr. Aagle, Mr. Bhalerao, Late Mr. Andhare, Mr. Barabde, and Mr. Anand Choube, Laboratory Assistant, Dept. of Microbiology, Shri Shivaji College, Akola for their help and co-operation during the prosecution of this work.

My special thanks to Mr. Madhav Jape and Mr. Jayant Jape, my brothers-in-law who taught me various computer operations required during the processing of manuscript.

I am extremely indebted to my in-laws Shri Dada Deshpande and Mrs. Vrunda Deshpande and my husband Mr. Rajeshwar Deshpande, for their encouragement and co-operation. It would not have been possible to complete this work within this span without their help and support. My special thanks to my mother Mrs. Bhagyashri Chimote, whose constant inspiration always helps me to proceed ahead on the path of progress. I must not forget to thank my 2½ years old daughter who adjusted herself in various situations and also to her baby seater for taking care of her whenever required. I express my special thanks to my son, my sisters-in-law and my brothers for their understanding, support and encouragement. I would like to place on this record my sincere thanks to Shri G. A. Pinparkhade, my grandfather Shri A. L. Chimote and my other elderly relatives for their sincere and cheerful appreciation, inspiration and blessings.

I express my sincere thanks to Mr. Ajay Ghotikar and Mr. Anay Ghotikar for their untiring work for type setting of this thesis.

Lastly I would like to thank whole heartedly to all those who had directly or indirectly helped me for the completion of this work.

(Mrs. Aarti R. Deshpande)
