Acknowledgements

I am happy to express my appreciation and indebtedness to Prof. Durgadas Ghosh, Professor of Zoology, Department of Zoology, Tripura University (a central University) for giving me chance to work under his direct supervision, for suggesting the topic and also for his valuable guidance, constant inspiration and constructive criticism.

I am also thankful to Dr. D. Bhattacharya, Chief Scientist, Indian Institute of Chemical Biology, Prof. B. K. Agarwala, Professor of Zoology, Tripura University, Dr. Anupam Basu, Reader, Department of Zoology, Burdwan University for their inspiration and providing necessary facilities to carry out the work in different stages. I pay my heartfelt gratitude to SAIF, NEHU, Burdwan University and College of Fisheries, Lembuchera for providing me necessary facilities during this course of study.

Thanks are also due to Dr. Surajit Basak, Assistant Professor, Department of Molecular Biology & Bioinformatics, Tripura University for helping me in computational analysis of the protein structure.

I am also thankful to Dr. P. S. Choudhury, Dr. S.S. Singh, Prof. Sukanta Banik, Zoology Department, Prof. S. Sinha, Botany Department, Tripura University for their valuable helps and suggestions.

I am really thankful to Mr. Paresh Debbarma for helping me in collection of grasshoppers in course of my present study. Thanks to all Research Scholars, Zoology, Physiology and Botany Department, Tripura University, for their active co-operation and help during the course of the study.

Thanks are also due to Head, Department of Zoology and all Teachers, Office staffs for their active co-operation and help in many ways during present study.
Last but not the least I wish to record my deep appreciation for my parents, sister, husband and other family members for their constant encouragement and cooperation without which it would not have been possible for me to reach my cherished goal.

Arpita Shyam Roy
