

Acknowledgement

*I sincerely express my deepest gratitude and heartfelt thanks to **Dr. M. Padmanabhan**, Professor (Retd.), School of Chemical Sciences, Mahatma Gandhi University, Kottayam, for his constant encouragement and invaluable guidance. His affection towards me and timely help he always rendered are also appreciated with gratitude.*

I am also grateful to Prof. Suresh Mathew, Director, School of Chemical Sciences, Mahatma Gandhi University, Kottayam, for his whole-hearted support and providing the necessary facilities. Help rendered by the other faculty members of the School of Chemical Sciences are also sincerely acknowledged.

I express my thanks to all the Administrative, Technical, Library and Laboratory staff of School of Chemical Sciences for the utmost cooperation extended by them during the course of my research work. I am very much thankful to Dr. C. A. Arunan and Mr. Manoj, School of Chemical Sciences for facilitating invaluable help in completing the analytical works.

I express my gratitude to the staff of the library of the M. G. University. The assistance rendered by Mr. Raju Varghese is gratefully remembered.

I am very much grateful to my lab mates, Dr. James C. Joseph, Dr. K.C. Joseph, Dr. Tomy James, Mr. Sumod M. John, Dr. S. Meenakumary, Ms.Arya and Ms.Akhila for their support and cooperation.

I gratefully acknowledge the help rendered by Dr. Remeshnath, IISER Thiruvananthapuram, to carry out the low temperature magnetic measurement of the compounds. I sincerely express my thanks to Ms. Vedavati Puranik of NCL, Pune, for carrying out single crystal analysis. I also express my sincere thanks to Prof. Jing Li and Dr. Xiaoming Huang of Rutgers University, New Jersey, USA for providing me the analytical facility. I am grateful to Prof. GuruRow and Dr. Sajesh Thomas, IISc Bangalore for providing the facility for single crystal analysis.

I wish to express my gratitude to STIC, Cochin University of Science and Technology, Kochi, SAIF, IIT Bombay, and also NIIST, Thiruvananthapuram, for providing the facilities for analytical measurements.

I express my special thanks to Mr. K. V. Shibu, Mr. Unni and other members of M/S Minitex Computers, Opp. M. G. University, for the effort they have taken in the preparation of this thesis.

I remember with deep love and respect, my parents and parent in laws for their care, love and affection, I received. I express my gratitude to all my family members especially my sister, brother in law and nephew for the constant inspiration and encouragement.

A very special thanks to my wife Remi and daughter Angel for their love, concern, understanding and full support.

I place on record my sincere thanks to all the members of the Department of Chemistry, Christian College, Chengannur and other fellow teachers in the college.

I also wish to record my thanks to the Principal, former Principals and Management of Christian College, Chengannur for all the help and support they have given.

I express my thanks to all those who have directly or indirectly helped me in completing this research work.

Above all I thank God almighty, the source of all knowledge, for the blessings showered on me for the successful completion of this work.
