“Thank God for being with me as ever”

At the very outset I take this opportunity to express my heartiest gratitude and indebtedness to my honorable teacher and research guide Prof. Bishnupada Roy, Department of Zoology, NEHU, Shillong, Meghalaya for his valuable suggestions, inspirations and constant guidance, which pave the way towards completion of this research work.

I am also indebted to the Heads of the Zoology Department, NEHU, Prof. S.B. Prasad, Prof. R.N.K. Hooroo, late Prof. B. Kharbuli and the present Head, Prof. N Saha for providing me all the necessary Departmental infrastructure and laboratory facilities to carry out my research work. I also take this opportunity to express my heartiest thanks to the infrastructural support from DSA (UGC-SAP) programme to the Department of Zoology. My sincere thanks also goes to the Dean, School of Life Sciences and UPE Biosciences Programme to the School of Life Sciences for providing me necessary instrumentation facilities. I also express my heartiest thankfulness to the Head of the Sophisticated Analytical Instrumentation Facility, NEHU for providing Scanning and Transmission Electron Microscopy facility to me. I also express my sincere thanks to all the faculty members and the non-teaching staff of the Department of Zoology for their kind help and cooperation.

I also extend my heartiest thanks to my seniors, Dr. Shymashree Dasgupta and Dr. Markiyoo Challam from whom I have learned the beginning of research life. During this long journey of my research life, I have been blessed by god to meet my laboratory colleagues namely, Bikash, Bhabesh, Ruma and Polmani and my research friends Akilesh, Sushindrajit, Syedur, Holdingstone, Brandon, Dominic and I extend my sincere thanks to all of them for their kind help whenever I needed the most. My special thanks also goes to Pame Brahma for her constant
help throughout my research work. I am wordless to express my sentiments to my father Mr. Gopeswar Swargiary, mother Mrs. Monomati Swargiary, brother Hemanta Swargiary and my sisters Rekha and Anjana for their unending support, unfailing assistance and encouragement.

Financial support by UGC-non NET, UGC Research Fellowship in Science for Meritorious Students and Rajiv Gandhi National Fellowship, New Delhi in the form of JRF/SRF is gratefully acknowledged.
