ACKNOWLEDGEMENTS

I avail this unique opportunity to express my sincere, humble and profound sense of gratitude to my teachers, Dr. P.K. Gupta, Emeritus Professor and INSA Senior Scientist, and Dr. H.S. Balyan, Professor, both of the Department of Genetics and Plant Breeding (formerly, Department of Agricultural Botany), Ch. Charan Singh University, Meerut for their guidance, keen interest, constant encouragement and constructive criticism at every stage during the course of study. I am highly thankful to both my teachers particularly to Prof. P.K. Gupta, who introduced me to the area of molecular markers when I was a M.Sc. student, which aroused my interest to pursue my career in this field.

I am also thankful to Prof. S.P. Singh, Head, Department of Genetics and Plant Breeding, Ch. Charan Singh University, Meerut for providing necessary facilities during the course of my study.

I am thankful to my senior colleagues Drs. Manoj Prasad (NCPGR, New Delhi), Rajeev Varshney (IPK, Gatersleben, Germany), Joy K. Roy (University of Halifax, Canada) and Sundip Malik (GBPUAT, Pantnagar) for their help in conducting different experiments. In fact, I learned many techniques from Joy K. Roy.

I also wish to express thanks to my colleagues in the laboratory including Rajib, Neeraj, Shailendra, Ravinder, Sachin, Aakash and Ajay for their help in various ways in day-to-day work during the course of study. Active support was also extended by my friends Hitendra, Harish, Rahul, Shailesh and Michael.

Thanks are also due to Prof. H.S. Dhaliwal (earlier at PAU, Ludhiana, now at IIT Roorkee) and Prof. D.R. Satija (PAU, Ludhiana) for providing necessary field facilities and for their help in conducting the field trials. I am also thankful to G.B.P.U.A. & T., Pantnagar for providing field facilities during the course of study.

Thanks are also due to Prof. A.K. Tyagi, Prof. J.P. Khurana and Prof. Paramjit Khurana, Department of Plant Molecular Biology, University of Delhi South Campus for their help. Besides, I would also like to thank other members of the Rice Genome Sequencing Project namely, Drs. Aupama Gaur, Anita Kapoor, Saurabh Raghuvanshi
and my friends Vikrant, Vishal, Dibyendu, Shubha, Ravi and Manej for their help in various ways which facilitated the work at South Campus.

I am thankful to Prof. Jun Zhu, Zhejiang University, Hangzhou, China for conducting part of the statistical analysis.

I acknowledge financial assistance in the form of Senior Research Fellowship first from NATP-ICAR and later from Council of Scientific and Industrial Research (CSIR) which sustained this study.

My special thanks are also to Auntyji (Mrs. Sudha Gupta) for her care, moral support and constant encouragement during my stay at Meerut.

Lastly, but not least, this study would not have been possible without the blessings, love and constant encouragement of my parents and sisters, particularly my elder sister Dr. Arati.

Date: August 16, 2004

Meerut

(Pawan L. Kulwal)
