List of Tables

Table 1.1  Cronbach Alpha for the Variables Selected for the Study ............. 21
Table 1.2  Allocation of Sample Size of Teachers in the Selected School
   Managements .................................................................................. 23
Table 1.3  Allocation of Sample Size of Teachers in the Selected Type
   of Schools (HSS/VHSS) ..................................................................... 24
Table 1.4  District-wise Allocation of Sample Teachers in the Selected
   Schools ............................................................................................. 24
Table 4.1  Demographic Profile of the Selected Teachers ............................ 197
Table 4.2  Cross Tabulation of School Locality with the Gender of the
   Teachers ........................................................................................... 199
Table 4.3  Cross tabulation of School Locality with the Marital Status
   of the Teachers .................................................................................. 200
Table 4.4  Cross tabulation of School Locality with the Number of
   Children of the Teachers .................................................................. 200
Table 4.5  Cross Tabulation of School Locality with the Type of Family
   of the Teachers .................................................................................. 201
Table 4.6  Cross tabulation of School Locality with Educational
   Qualification of the Teachers ............................................................ 202
Table 4.7  Cross Tabulation of School Locality with Type of Institution .... 203
Table 4.8  Cross Tabulation of School Locality with the Subject
   Taught/Stream .................................................................................. 203
Table 4.9  Cross Tabulation of School Locality with the Present
   Designation of Teachers .................................................................... 204
Table 4.10  Cross Tabulation of School Locality with Teaching
   Experience .......................................................................................... 205
Table 4.11  Cross Tabulation of Type of School Management with
   Gender of Teachers ........................................................................... 206
Table 4.12  Chi-square Test ........................................................................ 206
Table 4.13  Cross Tabulation of Type of School Management and
   Marital Status of Teachers ................................................................. 207
Table 4.14  Cross Tabulation of Type of School Management with
   Number of Children ........................................................................... 208
Table 4.15  Cross Tabulation of Type of School Management and Type
   of Family of Teachers ....................................................................... 208
Table 4.16  Cross Tabulation of Type of School management with
   Educational Qualification of Teachers .............................................. 209
Table 4.17  Cross Tabulation of Type of School Management and Type of Institution .......................................................... 210
Table 4.18  Cross Tabulation of Type of School Management and Subject Taught/ Stream ............................................................ 211
Table 4.19  Cross Tabulation of Type of School Management and Present Designation ................................................................. 211
Table 4.20  Cross Tabulation of Type of School Management and Teaching Experience ............................................................. 212
Table 4.21  School-wise Estimated Marginal Means of Pay .............................................. 214
Table 4.22  Locality -wise Estimated Marginal Means of Pay ........................................... 215
Table 4.23  Management-wise Estimated Marginal Means of Pay................................. 215
Table 4.24  Three-way ANOVA-P ay ............................................................. 215
Table 4.25  School-wise Estimated Marginal Means of Promotion ...................... 217
Table 4.26  Locality -wise Estimated Marginal Means of Promotion ................... 217
Table 4.27  Management-wise Estimated Marginal Means of Promotion.................... 217
Table 4.28  Three-way ANOVA- Promotion .................................................. 218
Table 4.29  School-wise Estimated Marginal Means of Supervision .......... 219
Table 4.30  Locality -wise Estimated Marginal Means of Supervision ............... 219
Table 4.31  Management-wise Estimated Marginal Means of Supervision ........ 220
Table 4.32  Three-way ANOVA- Supervision .............................................. 220
Table 4.33  School-wise Estimated Marginal Means of Fringe Benefits ........... 222
Table 4.34  Locality-wise Estimated Marginal Means of Fringe Benefits ........... 222
Table 4.35  Management-wise Estimated Marginal Means of Fringe Benefits ............................................................. 222
Table 4.36  Three-way ANOVA- Fringe Benefits .......................................... 223
Table 4.37  School-wise Estimated Marginal Means of Contingent Rewards ............................................................ 225
Table 4.38  Locality -wise Estimated Marginal Means of Contingent Rewards ............................................................ 225
Table 4.39  Management-wise Estimated Marginal Means of Contingent Rewards ............................................................ 225
Table 4.40  Three-way ANOVA- Contingent Rewards .................................... 226
Table 4.41  School-wise Estimated Marginal Means of Operating Procedures ............................................................ 227
Table 4.42  Locality -wise Estimated Marginal Means of Operating Procedures ............................................................ 227
Table 4.43 Management-wise Estimated Marginal Means of Operating Procedures

Table 4.44 Three-way ANOVA- Operating Procedures

Table 4.45 School-wise Estimated Marginal Means of Co-Workers

Table 4.46 Locality-wise Estimated Marginal Means of Co-Workers

Table 4.47 Management-wise Estimated Marginal Means of Co-Workers

Table 4.48 Three-way ANOVA- Co-Workers

Table 4.49 School-wise Estimated Marginal Means of Nature of Work

Table 4.50 Locality-wise Estimated Marginal Means of Nature of Work

Table 4.51 Management-wise Estimated Marginal Means of Nature of Work

Table 4.52 Three-way ANOVA- Nature of Work

Table 4.53 School-wise Estimated Marginal Means of Communication

Table 4.54 Locality-wise Estimated Marginal Means of Communication

Table 4.55 Management-wise Estimated Marginal Means of Communication

Table 4.56 Three-way ANOVA- Communication

Table 4.57 School-wise Estimated Marginal Means of Overall Job Satisfaction

Table 4.58 Locality-wise Estimated Marginal Means of Overall Job Satisfaction

Table 4.59 Management-wise Estimated Marginal Means of Overall Job Satisfaction

Table 4.60 Three-way ANOVA- Overall Job Satisfaction

Table 4.61 Regression Model Summary

Table 4.62 ANOVA-Overall Job Satisfaction

Table 4.63 Regression Co-efficient-Overall Job Satisfaction

Table 4.64 School-wise Estimated Marginal Means of Collegial Leadership

Table 4.65 Locality-wise Estimated Marginal Means of Collegial Leadership

Table 4.66 Management-wise Estimated Marginal Means of Collegial Leadership

Table 4.67 Three-way ANOVA- Collegial Leadership

Table 4.68 School-wise Estimated Marginal Means of Professional Teacher Behaviour

Table 4.69 Locality-wise Estimated Marginal Means of Professional Teacher Behaviour

Table 4.70 Management-wise Estimated Marginal Means of Professional Teacher Behaviour
Table 4.92  Locality-wise Estimated Marginal Means of Commitment towards Institution .................................................................260
Table 4.93  Management-wise Estimated Marginal Means of Commitment towards Institution .............................................................261
Table 4.94  Three-way ANOVA- Commitment towards Institution ........261
Table 4.95  General Linear Model for Multivariate Tests between Institutions....................................................................................263
Table 4.96  Tests-Between Subject Effects on the Basis of Institutions......263
Table 4.97  School-wise Estimated Marginal Means of commitment ..........264
Table 4.98  General Linear Model for Multivariate Tests between Types of Management ............................................................................265
Table 4.99  Tests-Between Subject Effects on the Basis of Type of Managements ........................................................................................266
Table 4.100  Management-wise Estimated Marginal Means of commitment....266
Table 4.101  Regression Co-efficient of School Climate on Teacher’s Overall Job Satisfaction .................................................................268
Table 4.102  Regression Co-efficient of School Climate on Commitment towards Work Assignment ........................................................270
Table 4.103  Regression Co-efficient of School Climate on Image Building Activities ....................................................................................271
Table 4.104  Regression Co-efficient of School Climate on Commitment towards Institution .................................................................272
Table 4.105  Regression Co-efficient of Overall Job Satisfaction on Commitment towards Work Assignment ..............................................274
Table 4.106  Regression Co-efficient of Overall Job Satisfaction on Image Building Activities .................................................................275
Table 4.107  Regression Co-efficient of Overall Job Satisfaction on Commitment towards Institution ........................................................276
