ACKNOWLEDGEMENT

The research work reported in this revised thesis was carried out by me under the Supervision of Dr. N. V. S. Ramakrishna, Vice-President, Discovery Research, Suven Life Sciences Ltd, Hyderabad. I am deeply indebted to him for his excellent and inspiring guidance and constant encouragement throughout the course of the Ph.D. programme. I am also thankful to him for providing me this rare opportunity to pursue the Ph.D. programme from JNTUH, Kukatpally, Hyderabad.

The research work reported in this revised thesis was carried out by me under the Co-Supervision of Dr. P. K. Dubey, Professor of Chemistry, Department of Chemistry, College of Engineering, Jawaharlal Nehru Technological University Hyderabad, Kukatpally, Hyderabad. I am deeply indebted to him for his support, guidance and encouragement throughout the research programme in several aspects. His discussions and useful suggestions have been extremely valuable during these years. I sincerely thank him for his wonderful interactions.

I am grateful to Mr. Venkat Jasti, Chairman and CEO of Suven Life Sciences Ltd, Hyderabad, for providing me with the necessary permissions and laboratory facilities for pursuing the research leading to the award of Ph.D. degree.

Thanks are due to Dr. K. Rama Sastry, General Manager, Discovery Research - Medicinal Chemistry Division, Suven Life Sciences Ltd, Hyderabad for helpful discussions throughout my work.
Thanks are due to Dr. Anil K. Shinde, General Manager, Discovery Research - Medicinal Chemistry Division, Suven Life Sciences Ltd, Hyderabad for helpful discussions throughout my work.

I am indebted to all my colleagues in Discovery Research - Medicinal Chemistry Division, Suven Life Sciences Ltd, Hyderabad for their support and encouragement throughout the programme.

I am pleased to acknowledge the services rendered by our colleagues in the Discovery Analytical division, Suven Life Sciences Ltd, Hyderabad in characterizing the compounds synthesized.

My sincere thanks are also due to my colleagues in Biopharmaceutical division, In-vivo biology division, In-vitro biology division, DMPK division, Intellectual Property Management division, Quality Assurance division, Supply Chain Management division, Suven Life Sciences Ltd, Hyderabad for extending their continuous support as and when needed.

I take this opportunity to thank all those who helped me either directly or indirectly in my endeavour.

Finally I thank one and all, as I learnt a lot from the fruitful encounters with the persons with whom I came across professionally.
