ACKNOWLEDGEMENT

I would like to express my deep and sincere gratitude to my supervisor Dr. J. David Rathnaraj, Professor & Head (P.G) Department of Mechanical Engineering, Sri Ramakrishna Engineering College, Coimbatore, for giving me an opportunity to work with him on this project. His words of encouragement and motivation came a long way in bringing this work in fruition.

I record my sincere gratitude to my Doctoral committee members Dr. D. Elangovan, Professor, Department of Mechanical Engineering, Maharaja Engineering College Coimbatore and Dr. M. Sakthivel, Professor Department of Mechanical Engineering, Info Institute of Engineering Coimbatore for their timely advice and constant support throughout this research work.

I thank Anna University, Chennai for offering me an opportunity to do my Ph.D. I wish to express my gratitude to the management and colleagues of Kalaignar Karunanidhi Institute of Technology, Coimbatore for offering me the time and facilities required to carry out the research.

My greatest thanks are due to all particularly my parents who wished me success by their continuous motivation. I also place my gratitude for my wife and my loving children who have sacrificed a lot during this long and arduous journey. Above all, I render my gratitude to the Almighty.
