ACKNOWLEDGEMENT

I am deeply grateful to Dr. C. Sanjeeviraja, Reader in Physics, Alagappa University, Karaikudi and my guide, for his invaluable guidance, encouragement and kind help, without which this work would not have been completed. But for him the study and thesis would not have been completed. It is my privilege to express my profound gratitude to Shri M. Jayachandran, Scientist, CECRI, Karaikudi, for being a great source of inspiration. His constant encouragement and discussion were of great help. I am thankful to God for having given me the chance to use his expertise in this field of research.

I am thankful to Dr. M. Raghavan, Director and Dr. Mrs Mary Juliana Chockalingam, Scientist, ECMS division, Central Electrochemical Research Institute, Karaikudi, for her helpful discussions. I sincerely thank Dr. K. Rukmani, Vice Chancellor of Alagappa University, Karaikudi for permitting me to carry out this work. I thank Dr. S. Kalyanasundaram, Head, Department of Physics of Alagappa University for his encouragement.

I also thank Dr. R. Ravi for his valuable discussions related to simulation work. My sincere thanks are due to Dr. S. Mohan, Scientist, CECRI, Karaikudi for his useful discussion.

I express my gratitude to Prof. C. Srinivasan, Emeritus Scientist, Madurai Kamaraj University, Madurai who gave me the initiation and wishes to pursue my higher studies.

I am thankful to all the members for their help and healthy criticism. However, special mention must be made of some of them.

My sincere thanks are due to Mr. V. Sivanantham and Mr. R. Murugesan of I.I.T., Chennai for their help in electron spectroscopy for chemical analysis (ESCA) and optical measurement work respectively. I express my heartful thanks to Dr. M. Sharon of IIT, Bombay, Mumbai, for his encouragement and interest in this work. I would like to acknowledge
Dr. V. Ganesan, Scientist, IUC for DAE facilities, Indore for taking AFM pictures and fruitful discussions.

I am extremely thankful to Er. M. Subramaniam, Chairman of Jayaram College of Engineering & Technology, Tiruchy and Dr. D. Swamiraj, Administrator, Bishop Heber College, Tiruchy, for their encouragement. I am thankful to Dr. R. Ayyasamy, Prof. V. P. Muthusamy, Er. K. Ramadoss and Mr. K. Srinivasan, for their help.

I am highly thankful to Dr. R. Chandramohan and Dr. B. Sundaresan, my senior research colleagues at Alagappa University for their continuous help and suggestions in writing my thesis.

Thanks are due to my co-workers in the research laboratory, Mr. B. Sakthivel, Mr. Ethiraj, Mr. J.S. Anand, Mr. D. Jebaraj, Mr. A. Amalraj, Mr. J. Prince, Mr. N. Balamurugan, Mr. S. Boopathi Rajan and Mr. R. Kannan for their help.

I would like to acknowledge the help extended by the members of my family for their constant encouragement and wishes.

The Young Scientist Fellowship (during 1996-97) awarded to me by Tamil Nadu State Council for Science & Technology, Chennai, triggered me to pursue this research.

I thank the Almighty for having blessed me with apt and ace encouragement cited above in time for the successful completion of this work.

(B.Subramanian)
