CHAPTER—III. METHODOLOGY

3.1 Methodology to be adopted for developing communicative skills in English 139
3.2 Elements of spoken language 139
3.3 Elements of written communicative skills in English 142
3.4 Using the Research Tools 149
3.4.1 Achievement Test for assessing the speaking skill 149
3.4.2 Achievement Test for assessing the written communicative skill 150
3.4.3 Reliability of the Achievement Test 150
3.4.4 Validity of the Achievements Tests 152
3.5 Sample of the Study 153
3.5.1 Description of the sample and sampling technique 153
3.5.2 Procedure for equating the groups 153
3.6 Teaching English prose to the experimental Groups through conversational pattern text and control group through traditional method 154
3.7 Data Collection 158
3.8 Scoring Procedure 158
3.9 Statistical Techniques Used in the Study 159

CHAPTER—IV. RESULTS AND DISCUSSION

4. Introduction 160
4.1 Comparison of the pre-test mean scores of Control Group Students and Experimental Group Students. 161
4.2 Comparison of pre-test and post-test mean scores of Control Group Students with regard to Communicative Skills in English. 162
4.3 Comparison of pre-test and post-test mean scores of Control Group Students in Different Components of Speaking Skills in English. 164
4.4 Comparison of pre-test and post-test mean scores of Control Group Students in Different Components of Writing Skills in English. 165
4.5 Comparison of pre-test and post-test mean scores of Experimental Group students in Communicative Skills in English. 167
4.6 Comparison of pre-test and post-test mean scores of Experimental Group students in different components of Speaking Skills in English. 168
4.7 Comparison of pre-test and post-test mean scores of Experimental Group students in different components of Writing Skills in English. 169
4.8 Comparison of post-test mean scores of Control Group students taught through Traditional Method and Experimental Group students taught by using Conversational Texts. 170
4.9 Comparison of post-test mean scores of Control Group students and Experimental Group students in different components of Speaking Skills. 171
4.10 Comparison of post-test mean scores of Control Group students and Experimental Group students in different Components of Writing Skills in English.

4.11 Comparison of pre-test and post-test mean scores of men students of Control Group.

4.12 Comparison of pre-test and post-test mean scores of women students of Control Group.

4.13 Comparison of post-test mean scores of Control Group men and women in Communicative Skills in English.

4.14 Comparison of pre-test and post-test mean scores of men students of Experimental Group.

4.15 Comparison of pre-test and post-test mean scores of women students of experimental group.

4.16 Comparison of post-test mean scores of Experimental Group men and women, in Communicative Skills taught by using Conversational Texts.

4.17 Comparison of pre-test and post-test mean scores of science students of control group.

4.18 Comparison of pre-test and post-test mean scores of commerce students of control group.

4.19 Comparison of post-test mean scores of Control Group science students and commerce students taught through the Traditional Method.

4.20 Comparison of pre-test and post-test mean scores of science students of experimental group.

4.21 Comparison of pre-test and post-test mean scores of commerce students of experimental group.

4.22 Comparison of post-test Mean Scores in Communicative Skills of Experimental group science students and commerce students taught using Conversational texts.

4.23 Comparison of pre-test and post-test mean scores of urban students of control group.

4.24 Comparison of pre-test and post-test mean scores of rural students of control group.

4.25 Comparison of Post-test Mean Scores of the Control Group Rural and Urban students taught through Traditional Method.

4.26 Comparison of pre-test and post-test mean scores of urban students of Experimental group.

4.27 Comparison of pre-test and post-test mean scores of rural students of Experimental group.

4.28 Comparison of post-test mean scores of Experimental Group Rural and Urban students taught by using Conversational Texts.

4.29 Comparison of pre-test and post-test mean scores of Above Average, Average and Below Average Control Group Students in Communicative Skills.
4.30 Comparison of pre-test and post-test mean scores of Above Average and Below Average Experimental Group Students in Communicative Skills.

4.31 Comparison of pre-test mean scores of the Control Group and Experimental Group Above Average, Average and Below Average Students in the Communicative skills in English.

4.32 Comparison of post-test mean scores of the Control group and Experimental group Above-average, Average and Below-average students in the communicative skills in English.

4.33 Discussion of the present study

CHAPTER—V. SUMMARY

5.1 Introduction
5.1.1 Title of the Problem
5.1.2 Objectives of the Study
5.1.3 Assumptions of the Study
5.1.4 Hypothesis of the Study
5.1.5 Scope of the Study
5.1.6 Need and Importance of the Study
5.1.7 Methodology
  5.1.7.1 Rendering the Prose-Text into Conversational-Text
  5.1.7.2 Construction of Research Tools
  5.1.7.3 Sample of the Study
  5.1.7.4 Teaching English Prose to the Experimental Group Through New Method and Control Group Through Traditional Method
  5.1.7.5 Data Collection
  5.1.7.6 Scoring Procedure
  5.1.7.7 Statistical Techniques Used in the Study
  5.1.7.8 Findings
  5.1.7.9 Conclusion
5.2 Implications of the Study
5.3 Limitation of the Study
5.4 Suggestions for Further Research
