ACKNOWLEDGEMENT

I thank God Almighty profoundly for having guided me all through the process of my doctoral study.

It is my pleasure to express my gratitude first and foremost to my Guide Dr. P.S. Chandrakumar, presently the Director of J.J. College of Education, Trichy. From the time of designing the research project to this time of consolidation and submission, he has been a source of inspiration and assistance. I owe a lot to his personal involvement and guidance for the successful completion of the thesis.

Next, I would like to thank my Co-Guide and Mentor Dr. S. Mohan, the Director of Thavathiru Kundrakudi Adigalar College of Education for Women, Kundrakudi, Sivagangai District. In spite of his busy academic schedule, he spared his precious hours for being with me and with my research project. But for his timely assistance and motivation, the present study would not have seen the light of the day.

Moreover, I am greatly indebted to my friend and well-wisher Shri Jamal Umaruzzaman, M.A. (Eng.), M.A. (Hist.), M.Ed., M.Phil., District Education Officer (Retired), Tirunelveli for his encouragement and persuasion for the timely completion of the work.

I take this opportunity to thank the Heads, Teachers and Students of the Secondary Schools in Tirunelveli Central Educational District for the co-operation extended during my data collection.

Further, I express my heartfelt thanks to M/s. Krithika Computers, Palayamkottai for the systematic analysis of data and computerization of the entire work.

My thanks are due to my loving better-half and fond children for their benevolence and patience manifested all through these years. Finally, I acknowledge with gratitude the help of all those who got involved in my research work.
