ACKNOWLEDGEMENT

The author is deeply indebted to Dr. S. Pitchumani, Scientist, Central Electrochemical Research Institute, Karaikudi for his enthusiastic guidance throughout the course of this work. He also wishes to express his gratefulness to Dr. M. Noel, Scientist, CECRI, Karaikudi for his interest shown and suggestions given during the course of this work.

Special thanks are due to Prof. G. V. Subba Rao, Director, Central Electrochemical Research Institute, Karaikudi for his counsel and support. The author wishes to thank Dr. P. G. Balakrishnan, Dr. V. Balaramachandran and G. Radhakrishnan for their valuable help.

The author thanks Dr. R. Udhayan and Dr. S. Vasudevan, for their continued help.

Sincere thanks are due to my section colleagues Mr. T. Saravanan, Mr. R. Thirunakaran, Mr. A. Sivashanmugam and Dr. S. Gopukumar and all the colleagues in the Battery Division for their help.

Thanks are due to staff of the computer section and other CECRI service sections.

Finally I place my deep gratitude at the foot of the esteemed Central Electro Chemical Research Institute, Karaikudi INDIA.

(N. Muniyan)
