ACKNOWLEDGEMENT

I express my deep sense of gratitude and indebtedness to my supervisors Dr. J.S.Saini, Professor, M.E Department of Dehradun Institute of Technology, Dehradun and Dr. P.K.Ghosh, Sr. Professor, Metallurgical and Materials Engineering Department, Indian Institute of Technology, Roorkee, for their highly valuable guidance, critical discussion and review, motivation and whole hearted cooperation without which it would not have been possible to accomplish the research work.

I am sincerely thankful to Mr.Anuj Agarwal, Vice Chairman, Dehradun Institute of Technology, Dehradun , for allowing me to carry out this work and providing me facilities to carry out my experimental work.

My special tribute to Late. K.G.Pande., former Professor of Mechanical Engineering, Dehradun Institute of Technology, for his invaluable guidance.

My special thanks to Mr.Aftab Azam, Workshop Superintendent, DIT, Dehradun, who has constantly helped me during experimental work and to Mr. Subhas Chand and all workshop staff for their support during experimental work.

I would also like to thank my fellow Ph.D. scholars Mr.Ravindra Kumar, Mr.Yashwant Mehta for their help and support received during analysis of my work.

Thanks are also due to all of them who helped me directly or indirectly during the entire period of this work

At last special gratitude to my wife Mrs.Supriya Basu and sons Somopriyo and Shubhopriyo for their continued patience, tolerance, inspiration and moral support during the entire period of this work

Dehradun (SOMNATH BASU)
