ACKNOWLEDGEMENTS

Fore most I would like to express my sincere regards and deepest gratitude to my mentor and guide Dr. P.R. Narayanan, Director, Tuberculosis Research Centre, for his constant support and guidance throughout my Ph.D. career. Despite his busy schedule, apart from being “perfect guide”, he found time to share my grievance during times of hardship. Apart from my dad, he is one person whom I would “love to be as” in future. I also express my sincere gratitude and love towards Dr. Sujatha Narayanan, for showering motherly affection towards me and taking personal care in me and in my experiments. She is friendly and understanding and easily approachable whenever her guidance was needed. Mere words cannot express my feelings towards Mr. Deepak Jayakumar who was extremely understanding and willing to offer me any help when needed.

I am greatly indebted to Dr. V. Kumarasami, HOD, Dept of Immunology for his constant encouragement and help. I would like to express my thanks to Dr. D. Sulochana Das, Dr. Alamelu Raja and Dr. P. Selvaraj for their kind cooperation. I thank Ms. Shanthi Sadasivan and Mrs. C. Suganthi for taking personal care in me. I thank Mr. S. Ramanujam, Mrs. Lalitha Hari, Mr. D. Srinivasan Mr. G. Kabirdas, Mr. K. Krishnan, Mr. V. Athikesavan, Mrs. Chitra, Mrs. Radha, Mr. A. R. Senthilnathan, Mr. Navalan and Mr. Sathish for their kind cooperation and help.

I am greatly indebted to Dr. C. N. Paramasivam who took personal care in me and helped me in many ways during times of distress. I am greatly benefited by my collaboration with Mrs. Sulochana Somasundaram who helped me in the PCR-RFLP
