First and foremost, I would like to start thanking **God, The Almighty** for his showers and blessings throughout my research work to complete my research successfully. Without **His** graciousness, the completion of this research work would not have been possible. The Almighty has entrusted me with the abilities and provided me with the courage to complete a long journey.

The completion of my thesis would not have been achievable without the inspiration, help and guidance of all the wonderful persons involved directly or indirectly in my research work.

I would like to grasp this chance to express my intense gratitude and deep regard towards my guide **Dr. Pramod Kumar Singhal**, Madhav Institute of Technology and Science, Gwalior for his sincere guidance, valuable feedback and continuous inspiration all through the duration of the thesis. His valuable suggestions are of immense help throughout my thesis work. Working under him was an extremely knowledgeable experience for me.

I would also like to thank **Dr. M.K. Soni**, Executive Director and Dean, FET, MRIU, **Dr. Naresh Grover**, Dean Academics, MRIU for their consistent support and guidance. I would like to extend sincere gratitude to **Mr. Pramod Kumar**, IETE Life Member and **Dr. Deepak Batra** for their valuable suggestions, support and encouragement.

I would also like to thank the coordinator of Ph.D program of Shri JJT University for giving me the right direction in every step of my thesis work.

I must express my sincere gratitude to my husband, Sandeep Virmani. He knows more than anyone else about the sacrifice that had to be made. I would like to thank him for his encouragement, patience, help and understanding all of my studies.

My parents, my family, my in-laws and my kids Atharv and Aadya deserves a special word of thanks for their untiring love and care throughout my entire journey by allowing me to spend less time with them.

Finally, I must express my heartfelt gratitude to my nephew Aman Dudeja for his help, corporation and encouragement.
